A SPECIALIST MATHS AND COMPUTING COLLEGE

ASPIRE ENJOY ACHIEVE

SAFEGUARDING & CHILD PROTECTION POLICY ACADEMIC YEAR 2023-24

APPROVED BY: Governing Board

DATE: 10th October 2023

LAST REVIEWED ON:

NEXT REVIEW DUE BY:

REVISION HISTORY

DATE OF REVIEW:	CHANGES MADE:

This Trust Safeguarding & Child Protection Policy is generic and is to be used as guidance only.

ALL schools MUST read through it thoroughly and then make the necessary amendments to suit the needs of their setting, staff and pupil/students (on pages 4, 8, 11, 22, 37, 59). As per KCSIE 2023, establishments must also consider the local priorities in their community and any other assessment of risk outside the school and home environment including Managing Allegations and Child on Child Abuse - Sexualised Behaviour/Harassment – (Part 5 KCSIE 2023).

Each school will publish their version of the policy once amended to reflect their own setting on their website.

The contents within this Safeguarding & Child Protection Policy are specific to the academic year 2023-2024 and in line with Keeping Children Safe in Education September 2023 and Working Together to Keep Children Safe 2018 (Rev Dec 2020).

Safeguarding is defined as protecting children from maltreatment, preventing impairment of physical and mental health and/or development, ensuring that children grow up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best life chances.

Julie Robinson – Deputy Designated Safeguarding Lead

Neil MacDougall – Deputy Designated Safeguarding Lead

Wayne Ridgeway – Deputy Designated Safeguarding Lead

Helen Newbery – Deputy Designated Safeguarding Lead

Cat Swain – Deputy Designated Safeguarding Lead

1. Introduction

1.1 All schools in the Trust fully recognise the contribution they can make to protect children and support pupil/students in school. Safeguarding and promoting the welfare of children is **everyone's** responsibility. Everyone who comes into contact with children and their families has a role to play. To fulfil this responsibility effectively, all professionals should make sure their approach is child centred. Our establishment has a culture of vigilance, we take a whole school approach to safeguarding and promoting the welfare of children and we consider, always, what is in the best interest of the child and young person. We endeavour to identify concerns early, provide help for children, promote children's welfare, take into consideration the child's lived in experience and prevent concerns from escalating.

The aim of this policy is to safeguard and promote our pupil/student's welfare, safety and health by fostering an honest, open, caring and supportive climate and our staff members working with pupil/students to maintain an attitude of **'it could happen here'** where safeguarding is concerned. This policy sets out how the school and the governing body discharges its statutory responsibilities relating to safeguarding and promoting the welfare of children who are pupil/students at the school.

Safeguarding and promoting welfare of children is defined as:

- Protecting children from maltreatment.
- Preventing impairment of children's mental and physical health or development.
- Ensuring that children are growing up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to have the best outcomes.

1.2 No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action. The College is committed to safeguarding and promoting the welfare of all its students. We believe that:

- All children/young people have the right to be protected from harm.
- Children/young people need to be safe and to feel safe in school.
- This means our staff consider, at all times, what is in the best interest of the children/young people.
- Children/young people need support which matches their individual needs, including those who may have experienced abuse.
- All children/young people have the right to speak freely and voice their values and beliefs.
- All children/young people must be encouraged to respect each other's values and support each other.
- All children/young people have the right to be supported to meet their emotional, and social needs as well as their educational needs – a happy healthy sociable child/young person will achieve better educationally.
- The staff within our school are prepared to identify children and young people who may benefit from Early Help intervention.
- Schools can and do contribute to the prevention of abuse, victimisation, bullying, exploitation, extreme behaviours, discriminatory views and risk-taking behaviours; and
- All staff and visitors have an important role to play in safeguarding children and protecting them from abuse.

1.3 All schools will fulfil local and national responsibilities and accepted best practice as laid out in the following documents: -

- Working Together to Safeguard Children 2018 (Rev Dec 2020)
- Keeping Children Safe in Education: Statutory guidance for schools and colleges (DfE Sept 2023)
- What To Do If You Are Worried a Child Is Being Abused March 2015
- Education and Training (Welfare of Children) Act 2021
- The School Staffing (England) Regulations 2009 & Amended Regulations 2015; Safer Recruitment in Education including.
- Guidance for Safer Working Practice 2019 (Rev April 2022) Safer Recruitment consortium
- Prevent Duty 2015
- Information sharing: Advice for Practitioners providing safeguarding services to children, young people parents and carers. (March 2015)
- Leicester Safeguarding Children's Partnership Board (LSCPB)
- The Children Act 1989 and 2004
- The Education Act 2002 s175/s157
- Mental Health and Behaviour in Schools: Departmental Advice (DfE 2018)
- Framework for the Assessment of Children in Need and their Families 2000
- Sexual Offences Act 2003 (Position of Trust offence)
- Voyeurism (Offences Act) 2019
- Childcare (Disqualification) Regulations 2009
- Counter Terrorism and Security Act 2015
- Female Genital mutilation Act 2003/Updated regulations July 2020
- Safeguarding & Child Protection education procedures in Leicester, notes, information, and training for Designated Safeguarding Leads (DSL) in schools
- Children and Families Act 2014
- Safeguarding and Vulnerable Group Act 2006
- Sharing Nudes and Semi Nudes (December 2020)– UK Council for Internet Safety
- Searching, screening and confiscation at school (rev July 2022)

1.4 The Governing Body takes seriously its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering harm.

1.5 We recognise that all staff and governors have a full and active part to play in protecting our pupil/students from harm, and that the child's welfare is our paramount concern.

1.6 All staff¹ believe that our school should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.

2. Overall Aims

- This policy will contribute to safeguarding our students and promoting their welfare and mental health by supporting the child's development in ways that will foster security, confidence and resilience at the same time considering the best interest of the child.

¹ 'Staff' Covers ALL adult staff on site, including temporary, supply and ancillary staff, and volunteers working with children.

- Providing an environment in which children and young people feel safe, secure, valued and respected, feel confident and know how to approach adults if they are in difficulties.
- Raising the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.
- Ensure our staff identify concerns early, provide help for children, promote children's welfare and prevent concerns from escalating.
- Providing a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the school, contribute to assessments of need and support plans for those children including Child Missing / Absent from Education.
- Acknowledging the need for effective and appropriate communication between all members of staff in relation to safeguarding pupil/students.
- Developing a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse.
- Developing effective working relationships with all other agencies involved in safeguarding children including Early Help and intervention.
- Work within the curriculum raising awareness of and promoting safeguarding, to our children/young people including online safety inside and outside of establishment.
- Ensuring that all adults within our school who have access to children have been checked as to their suitability. This includes other community users of our facilities.

3. Key processes

Where a child is suffering, or is likely to suffer from harm, it is important that a referral to local authority children's social care (and if appropriate the police) is made immediately. Our school procedures for safeguarding children are in line with the *Leicester City Safeguarding Children's Partnership Board (LSCPB), Multi Agency Child Protection/Safeguarding Procedures*; (<https://llrscb.proceduresonline.com/>), in addition to the statutory requirements as outlined in 1.3.

4. Expectations

4.1 All staff and visitors will be familiar with this safeguarding policy

- Staff will have access to, a copy of, and be well versed in our Child Protection Policy, which will also form part of their induction and revisited annually through Whole School Safeguarding Training.
- Be subject to Safer Recruitment processes and checks, whether they are new staff, supply staff, contractors, volunteers etc.
- For those regular external visitors/providers such as cleaners and caterers; to have shown the school a copy of their H & S and Child Protection Guidelines as best practice and where applicable; and that the school has a statement in main reception notifying external visitors who the schools DSL is and what to do if they have any concerns about a child's welfare.
- Be involved in the implementation of individual education programmes, integrated support plans, child in need plans and interagency child protection plans.
- Be alert to signs and indicators of possible abuse (Appendix 1)
- Staff understand that 'harm' can including 'witnessing harm to others' for example cases of domestic abuse.
- Record concerns/disclosures and give the record to the DSL.

- Deal with a disclosure of abuse from a child in line with our school procedures; informing the DSL immediately and provide a written account as soon as possible. This includes making the appropriate contact with children's social care (DSL).
- Record safeguarding information using school procedures whether electronic or in paper form.

4.2 Reporting concerns

In our College, if a staff or a visitor need to make a referral to our DSL, these are the measures/steps we take/process we follow.

- All visitors are given **Safeguarding and Safety Information for Visitors leaflet** upon arrival which contains information about making a referral to a DSL.
- All staff attend safeguarding training which includes how to make a referral to a DSL.

4.3 All parents will be familiar with this safeguarding policy

- Parents/Cares will have access to the Child Protection Policy as part of initial information given to perspective/existing Parents/Carers and will be available through our school's website. Additional copies will be issued as and when required including notifying parents of changes within the document i.e., revised annual policy.
- Parents and carers have the responsibility to inform the school if a child in their care is a young carer. Our establishment understands the stigma for some parents and carers in raising this, however, we are an inclusive College, and every effort will be made to support the child and family with this. See point 27 of this policy for further information.

4.4 Communicating with parents

In addition to section 4.2 above, the following statement is provided and highlighted to parents, so they are aware of the school's responsibilities:

'Our school/establishment ensures children learn in a safe, caring and enriching environment. Children are taught how to keep themselves safe, on and offline, to develop positive and healthy relationships and how to avoid situations where they might be at risk including by being exploited.'

The College has a statutory responsibility to share any concerns it might have about a child in need of protection with other agencies and in particular police, health and children's services. Schools/college are not able to investigate concerns but have a legal duty to refer them. In most instances, the College will be able to inform the parents/carer of its need to make a referral. However, sometimes the College is advised by Children's Social Care or police that the parent/carer cannot be informed whilst they investigate the matter. We understand the anxiety parents/carers understandably feel when they are not told about any concerns from the outset. The College follows legislation that aims to act in the best interests of the child.

5. Extended school and before and after school activities

5.1 Where the governing body provides services or activities directly under the supervision or management of school staff, the school's arrangements for child protection will apply.

5.2 Where services or activities are provided separately by another body, the governing body should seek assurance in writing that the body concerned has appropriate policies and procedures in place to safeguard and protect children and there are arrangements to liaise with the school on these matters where appropriate.

6. Procedures

6.1 The College will ensure that:

- The governing body understands and fulfils its safeguarding responsibilities.
- We have a Designated Safeguarding Lead and a Deputy Designated Safeguarding Lead for child protection and safeguarding, who have undertaken DSL training delivered by Safeguarding in Education, Leicester City Council; of which their training will be refreshed every two years.
- All members of staff are provided with opportunities **annually** to receive Safeguarding Training by the Safeguarding in Education team in order to develop their understanding of safeguarding and child protection in particular the signs and indicators of abuse.

- All members of staff, volunteers, and governors know how to respond to a pupil/student who discloses abuse, and the procedure to be followed in appropriately sharing a concern of possible abuse or a disclosure of abuse.
- All parents/carers are made aware of the school's responsibilities regarding child protection procedures through publication of the school's Safeguarding and Child Protection Policy, and reference to it in our prospectus/brochure and home school agreement.
- Our lettings policy will seek to ensure the suitability of adults working with children on school sites at any time.
- Community users organising activities for children are aware of and understand the need for compliance with the school's child protection guidelines and procedures.
- The College is committed to safer recruitment as outlined in Keeping Children Safe in Education 2023. The school will ensure all appropriate checks are carried out for all staff and volunteers including online searches as part of due diligence. Appropriate checks will be recorded on the Single Central Record which will be audited termly. The school will ensure at least one person who is safer recruitment trained will be part of the recruitment process. All volunteers will undergo a risk assessment. See also the Safer Recruitment policy and guidance.
- All governors/proprietors/trustees will undergo a DBS check and a S128/Section 128 direction check as outlined in Keeping Children Safe in Education 2023
- The name of any member of staff considered not suitable to work with children will be notified to either the Disclosure and Barring Service or the relevant Government Department/Agency (where appropriate), depending on the nature of the concern, with the advice and support of the Local Authority Designated Officer (LADO), and that a member of our SLT has attended LADO training (Managing allegations against staff members) and understands the harms threshold/low level concerns thresholds as set out in KCSIE 2023
- Our procedures will be annually reviewed and updated and ratified by the Governing Body / Proprietors / Trustees.
- The name of the Designated Safeguarding Lead and Deputy Designated Safeguarding Lead will be clearly shown in the school, with a statement explaining the school's role in referring and monitoring cases of suspected abuse (reception, staff room, website etc.).
- All adults, (including supply teachers, non-teaching staff and volunteers), new to our school will be given or directed to a copy of; our Safeguarding and Child Protection Policy, Staff Code of Conduct, the school's behaviour policy, the school's child absent & missing protocols, the booklet 'What To Do if You're Worried A Child is Being Abused'², Keeping Children Safe in Education 2023 Part 1, 5 and Annex B & C³, online safety policy, low level concerns policy and the name, identity and contact details of the Designated Safeguarding Lead and deputies will be explained as part of their induction into the school. In addition to this, all such staff and volunteers will be made aware of the 'Guidance for safer working practice for those working with children and young people in education settings, 2020 (Safer Recruitment Consortium).⁴

7. Responsibilities

7.1 All our staff are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability,

³ [Keeping Children Safe in Education 2023 \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/419604/Keeping_Children_Safe_in_Education_2023.pdf)

⁴ <https://saferrecruitmentconsortium.org/>

disability and/or sexual orientation or language barriers. This will not prevent our staff from having a professional curiosity and speaking to the DSL(s) if they have concerns about a child. Our staff will also determine how best to build trusted relationships with children and young people which facilitate communication.

We understand that our responsibility to safeguard children requires that we all appropriately share any concerns as soon as a staff member or volunteer suspects/knows of a concern that we may have about children. The first point of contact is the DSL or other members of the Safeguarding Team (in their absence). The DSL will inform the Headteacher of any referrals to be made. If the concerns are regarding the conduct of a staff member the report is made to the Headteacher. If the concerns are regarding the Headteacher then the Chair of Governors should be informed.

7.2 If a staff member feels they cannot disclose information to their DSL, Headteacher or Governor(s), they must then follow our school's whistleblowing procedures to report their concerns. (Appendix 8).

7.3 All staff will be versed in our Whistleblowing procedure, understand when it is appropriate to use the procedures and will be given details of the NSPCC whistleblowing helpline.

7.4 All staff will be well versed in the school's Child Absent / Missing protocols and know and understand that any child that is regularly absent or missing can be a cause for concern and a possible indicator that the child is at risk of abuse or in need of help and support.

8. The Designated Safeguarding Lead (DSL) – Roles and Responsibilities⁵

8.1 Keeping Children Safe in Education September 2023, Annex C, outlines specific responsibilities of a DSL (A member of the School's Leadership Team) and their responsibilities within this role. Our lead DSL will take lead responsibility for safeguarding and child protection (including online safety). This is also explicit in their job description. We also have a number of deputy designated safeguarding leads who are trained to the same standard and provide the same level of support. Their key areas of responsibilities include:

Manage Referrals:

- Refer cases of suspected abuse and neglect to children's social care/police
- Support staff who make referrals to local authority
- The Channel programme where there is a radicalisation concern and support staff with this.
- Cases in relation to allegations against staff members to LADO including disclosure and barring.
- Cases where any crime may have been committed to the Police.

Working with Others:

- Act as a source of support, advice, and expertise for all staff
- Act as a point of contact with the safeguarding partners
- Liaise with the headteacher or principal to inform him or her of issues- especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations. This should include being aware of the requirement for children to have an Appropriate Adult
- As required, liaise with the "case manager" (as per Part four) and the local authority designated officer(s) (LADO) for child protection concerns in cases which concern a staff member.

⁵[Keeping Children Safe in Education 2023 \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/100266/Keeping-Children-Safe-in-Education-2023.pdf) - Annex C, Role of Designated Safeguarding Lead

- Liaise with staff (especially teachers, pastoral support staff, school nurses, IT Technicians, senior mental health leads and special educational needs co-ordinators (SENCOs), or the named person with oversight for SEN in a college and Senior Mental Health Leads) on matters of safety and safeguarding and welfare (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies so that children's needs are considered holistically
- liaise with the senior mental health lead and, where available, the Mental Health Support Team, where safeguarding concerns are linked to mental health.
- promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances.
- work with the headteacher and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on children's attendance, engagement and achievement at school or college. This includes:
 - ensure that the school or college knows who its cohort of children who have or have had a social worker are, understanding their academic progress and attainment, and maintaining a culture of high aspirations for this cohort; and,
 - support teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on children's educational outcomes.

Information sharing and managing child protection files.

Our DSL(s) are responsible for ensuring that our child protection files are kept up to date. The information is kept confidential and stored securely. Our records will contain the following information:

- A clear and comprehensive summary of the concern
- Details of how the concern was followed up and resolved.
- A note of any action taken, decisions reached and the outcome.
- Transfer child protection files (including in year transfers) to the new school or college as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term, ensuring secure transit and confirmation of receipt will be obtained.

Our DSL(s) will ensure the file is only accessed by those who need to see it and where the file or its contents are shared, this happens in line with information sharing advice outlined government guidance KCSIE 2023.

Raising Awareness

- Ensure each member of staff (new and part-time) has access to and understands our child protection policy and procedures.
- Ensure our child protection policy is reviewed annually, updated, and reviewed regularly, and work with our governing bodies/ proprietors regarding this.
- Ensure our child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school or college in this (section 4.4 above)
- Link with the safeguarding partners ensuring our staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements.
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a Social Worker are experiencing, with teachers and school and college leadership staff.

Training Knowledge and Skills

- Understand the assessment process for providing early help and statutory intervention, and social care referral arrangements.
- Have a working knowledge of how local authorities conduct a child protection case conference/review conference and attend to these effectively.
- Understand the importance DSL(s) has in providing information and support to children social care in order to safeguard and promote the welfare of children.
- Understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes.
- Are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers.
- Understand the importance of information sharing, both within the school and college, and with the safeguarding partners, other agencies, organisations, and practitioners
- Understand and support the school or college staff with regards to the requirements of the Prevent duty and protecting children from the risk of radicalisation.
- Are able to understand the unique risks associated with online safety including filtering and monitoring and be confident to keep children safe whilst they are online at school or college.
- Recognise additional risks that children with (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support children with SEND to stay safe online.
- Obtain access to resources and attend any relevant or refresher training courses.
- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school or college may put in place to protect them.

In addition to the formal training set out above, our DSL(s) knowledge and skills are regularly at regular intervals refreshed to allow them to understand and keep up to date with any developments relevant to their role.

Providing support to staff

- Ensure our staff are supported during the referrals processes.
- Support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.

Understanding the views of children

It is important that children feel heard and understood. Therefore, our DSL(s) designated safeguarding leads will be supported in developing knowledge and skills to:

- Encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and in any measures the school or college may put in place to protect them.
- Understand the difficulties that children may have in approaching staff about their circumstances and consider how to build trusted relationships which facilitate communication.

Holding and sharing Information

Our DSL(s) will be equipped to:

- Understand the importance of information sharing, both within the school and college, and with other schools and colleges on transfer including in-year and between primary and secondary education, and with the safeguarding partners, other agencies, organisations, and practitioners
- Understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK General Data Protection Regulation (UKGDPR)
- Be able to keep detailed, accurate, secure written records of concerns and referrals and understand the purpose of this record-keeping.

Availability

- During term time, our DSL(s) will always be available on school site. The school will arrange adequate and appropriate cover arrangements for any out of hours/out of term activities and trips and in exceptional circumstances, availability will be made via mobile phone and or Skype.

8.2 Roles and responsibilities of the Headteacher

The Headteacher/Principal will ensure that:

- The policies and procedures adopted by the governing body/ proprietors/ trustees are fully implemented, and followed by all staff.
- Specifically, the Safeguarding & Child Protection Policy, Behaviour Policy, Staff Code of Conduct, LADO Procedures, child on child Abuse/Sexualised Behaviour Policy, Safer Recruitment Policy and other relevant policies are updated annually, ratified by the Governing body proprietors/ trustees annually and that policies are available publicly either via the school website, parents evening, open days or by other means.
- That staff undergo and attend annual whole school safeguarding training.
- That all staff undergo appropriate online safety training.
- That all staff receive regular updates in relation to safeguarding, child protection and online safety.
- Sufficient resources and time are allocated to enable DSLs and other staff to discharge their responsibilities, including taking part in inter-agency meetings and contributing to the assessment of children.
- That the Headteacher is aware of Local Authority Designated Officer (LADO) processes regarding allegations about other staff members, specifically the 'harms' and 'low-level concerns' thresholds.
- That the Headteacher has attended LADO Training and refreshed no later than every 2 years
- That the Headteacher has attended Safer Recruitment Training and that training is refreshed no later than every 5 years, and that at least 1 member of the Governing body proprietors/ trustees has attended Safer Recruitment Training
- All staff and volunteers feel able to raise concerns about poor or unsafe practice with regard to children and processes, and such concerns are addressed sensitively and effectively in a timely manner. (Whole school approach, child centred practice and culture of vigilance)
- All staff consider the best interest of a child and are made aware that they have an individual responsibility for referring child protection concerns, promptly and using the proper channels.
- All staff have an understanding of Early Help and have the ability to identify children who would benefit from Early Help intervention.
- That regular external visitors/providers such as cleaners, caterers have shown the school a copy of their H&S and Child Protection guidelines as best practice and where applicable; and that the school

has a statement in main reception notifying external visitors who the Schools DSL(s) are and what to do if they have any concerns about a child's welfare

- The DSLs undergo safeguarding and child protection training, which is updated regularly, with advice from the LSCP, Safeguarding in Education and in line with Keeping Children Safe in Education, September 2023, Annex C
- New members of staff, temporary or permanent including volunteers are given a full induction that includes Safeguarding and Child Protection Guidelines and names of DSL(s).
- All staff are made aware of their right to whistle blow, have a copy of the whistleblowing procedures, are well versed with the procedures and have been made aware of the NSPCC whistleblowing helpline. (Appendix 8 – Schools Whistleblowing Policy)

8.3 Roles and responsibilities of the Trustees/Governing Board

The Trustees and members of the Governing Board have a strategic leadership responsibility for our safeguarding arrangements and comply with their duties under legislation. Our governing body ensures policies, procedures and training in our College are effective and comply with the law at all times.

We also will ensure that all our governors and trustees receive appropriate safeguarding and child protection (including online) training at induction. The training will equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in our Colleges are effective and support the delivery of a robust whole school approach to safeguarding. Our governors and trustees training will be regularly updated.

Furthermore, the governors/proprietors/trustees of our College will ensure that:

- Our school has a Safeguarding and Child Protection Policy and procedures in place, and the policy is made available to parents on request and available on the school website.
- That all school staff members working with children consider the best interests of children and are advised to maintain an attitude of *'it could happen here'* where safeguarding is concerned
- There is a senior member of the school's leadership team who is designated to take lead responsibility for dealing with safeguarding and child protection including online safety and the filtering and monitoring systems in place for the establishment (Lead DSL)
- There is an appointed deputy(s) for child protection, in the event of the unavailability of the Lead DSL
- Where there is a safeguarding concern, Governing Body/Trustees/SLT will ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide for them.
- That systems are in place, place, well promoted, easily understood and easily accessible for children to confidently report abuse, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.
- The DSL and the appointed deputy(s) for child protection undertakes training for designated safeguarding leads, in addition to inter-agency child protection training, which is provided by, or to standards agreed by, LSCP, and attends refresher DSL training at two-yearly intervals.
- That clear systems and processes are in place for identifying and responding to potential mental health problems to a child including routes to escalate, referrals and accountability systems.
- The Headteacher, and all other staff and volunteers who work with children, undertake appropriate training which is kept up to date through Whole School Training (annually); and that

new staff, temporary staff and volunteers who work with children are made aware of the school's arrangements for child protection and their responsibilities. (Through the induction process)

- The Headteacher, and all other staff and volunteers who work with children, undertake appropriate online safety training.
- There are procedures for dealing with allegations of abuse against members of staff and volunteers (LADO) and that the thresholds for allegations (Harms Thresholds/Low Level Concerns) against staff and volunteers are understood and reported appropriately by all staff members (Appendix 3).
- That Code of Conduct is up to date, maintained and adhered to by staff so as not to bring the school into disrepute.
- The chair of governors/ proprietors/ trustees (or, in the absence of a chair, the vice chair) deals with any allegations of abuse made against the Headteacher, in liaison with the Local Authority Designated Officer (Appendix 3).
- That at least 1 member of the Governing body has attended LADO Training as a minimum and is refreshed regularly.
- That at least 1 member of the Governing Body has attended Safer Recruitment Training as a minimum and is refreshed regularly.
- The governing body / proprietors/ trustees nor individual governors / trustees will have a role in dealing with individual cases or a right to details of cases except when exercising their disciplinary functions in respect of allegations against a member of staff.
- Any deficiencies or weaknesses brought to the attention of the governing body / proprietors/ trustees are rectified.
- Policies and procedures are reviewed annually, and information is provided to the Local Authority on how the governing body / proprietors/ trustees discharges its duties regarding safeguarding and child protection.
- There is an individual member of the governing body / proprietors/ trustees who will champion and lead on issues to do with safeguarding children and child protection within the school, liaise with the DSL, and provide information and reports to the governing body / proprietors/ trustees, and that person is appropriately trained to discharge their responsibilities effectively.
- Will ensure that school creates a culture of safe recruitment and, as part of that, adopts recruitment procedures that help deter, reject or identify people who might abuse children (Part three: Safer Recruitment, Keeping Children Safe in Education September 2023).
- That the Chair of the governing board completes the annual Safeguarding Return– supporting schools to exercise their duties in relation to Safeguarding & Child Protection and return the document to the local authority in a timely manner.

Our Governing Board will ensure they facilitate a whole College approach to safeguarding. This means ensuring safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies will operate with the best interests of the child at their heart.

9. Supporting Children

Some children may need a social worker due to safeguarding or welfare needs. Children may need this help for various reasons and their experiences of trauma and abuse can lead them to becoming more vulnerable or educationally disadvantaged. When receiving information from the Local Authority that a child has a social worker, our DSL(s) will use this information so that decisions can be made in the best interest of a child's safety and welfare, as routine. Our DSL(s), where appropriate, will share information accordingly with relevant partner agencies to safeguard and promote the physical and mental health wellbeing of any child. In addition to this.

- We recognise that a child who is abused, who witnesses violence or who lives in a violent environment may feel helpless and humiliated, may blame him/herself, and find it difficult to develop and maintain a sense of self-worth.
- We recognise that the school may provide the only stability in the lives of children who have been abused or who are at risk of harm.
- We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal, too aggressive or being withdrawn.

9.1 Our school will support all students by:

- Taking into account a child's wishes when determining what action to take and what services to provide when dealing with a safeguarding concern.
- That systems are in place, well promoted, easily understood and easily accessible for children to confidently report abuse, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.
- Encouraging the development of self-esteem and resilience in every aspect of school life including through the curriculum
- Identifying children who are in need of extra mental health support which includes working with external agencies.
- Identifying children who are or maybe Young Carers and providing relevant support and signposting.
- Promoting a caring, safe and positive environment within the school
- Ensuring children are taught to recognise when they are at risk and know how to get help when they need it. Both, physically, mentally, and online.
- Liaising and working together with all other support services and those agencies involved in the safeguarding of children including Early Help
- Notifying Children's Social Care as soon as there is a significant concern.
- Ensuring that a named teacher is designated for Looked After Children/Children In Need (LAC & CIN) and that an up-to-date list of LAC/CIN is regularly reviewed and monitored.
- Providing continuing support to a student (about whom there have been concerns) who leaves the school by ensuring that such concerns and school medical records are forwarded under confidential cover to the Headteacher and Lead DSL at the pupil/student's new school as a matter of urgency.
- Working with partner agencies to support and safeguard children within; Early Help, Children in Need, Child Protection and Looked After Children
- Our Governors/Proprietors and school staff will ensure that children are taught about how to keep themselves and others safe, including online. We recognise that effective education will be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special educational needs or disabilities. Aspects include:

- healthy and respectful relationships
- boundaries and consent
- stereotyping, prejudice and equality
- body confidence and self-esteem
- how to recognise an abusive relationship, including coercive and controlling behaviour
- the concepts of, and laws relating to- sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so called honour-based violence such as forced marriage and Female Genital Mutilation (FGM), and how to access support, and
- what constitutes sexual harassment and sexual violence and why these are always unacceptable?

10. Confidentiality

We recognise that all matters relating to child protection are confidential and the best interest of a child should be considered at all times. However, The Data Protection Act 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children. Our staff and practitioners (may) share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner. *It would be legitimate to share information without consent where: it is not possible to gain consent; it cannot be reasonably expected that a practitioner gains consent; and, if to gain consent would place a child at risk.*

10.1 The Headteacher or DSL will disclose personal information about a pupil/student to other members of staff on a need-to-know basis only. Staff will be informed of relevant details only when the DSL feels their having knowledge of a situation will improve their ability to deal with an individual student/family. A written record will be made of what information has been shared, with whom, and when.

10.2 All staff must be aware that they have a professional responsibility to share information with other agencies to safeguard children.

10.3 All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's own safety or well-being, or that of another child as this may ultimately not be in the best interest of the child.

10.4 We will always undertake to share our intention to refer a child to Children's Social Care with their parents/carers consent unless to do so could put the child at greater risk of harm or impede a criminal investigation. If in doubt, we will consult with the Children's Social Care, Duty & Advice Service.

11. Supporting Staff

11.1 We recognise that staff working in the school who have become involved with a child who has suffered harm or appears to be likely to suffer harm may find the situation stressful and upsetting.

11.2 We will support such staff by providing an opportunity to talk through their anxieties and concerns with the DSL and to seek further support where necessary. This could be provided by, for example, the Headteacher, supervision arrangements, by Occupational Health and/or a teacher/trade union representative as appropriate.

11.3 We understand that staff should have access to advice on the boundaries of appropriate behaviour. Guidance for safer working practice for those working with children and young people in education settings, (Safer Recruitment Consortium).⁶ provides advice on this and the circumstances which should be avoided, in order to limit complaints against staff of abuse of trust, and/or allegations of physical or sexual abuse. These matters form part of staff induction and are referred to in the staff handbook/code of conduct.

11.4 We recognise that DSLs should have access to support (as in 11.2) and appropriate workshops, courses or meetings as organised or arranged through the Local Authority/LSCP

12. Allegations against staff

12.1 All school staff including supply staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.

12.2 All staff including supply staff should be aware of the Whole School Behaviour Policy and Staff Code of Conduct

12.3 All staff including supply staff should be aware of the Guidance for Safer Working Practices for Adults who work with Children and Young People 2022⁷

12.4 All staff as part of their annual safeguarding training will receive Online Safety Training and will sign the Acceptable Use Agreement. This sets out responsibilities for all staff, ensuring they have an up-to-date awareness of online safety and that all digital communications with students/parents/carers should be at professional level and only carried out using official school systems. Further information on this can be found in section 41 & 42 of this policy and Appendix 7.

12.5 We understand that a pupil/student may make an allegation against a member of staff.

12.6 If such an allegation is made, the member of staff receiving the allegation will immediately inform the Headteacher or the most senior teacher if the Headteacher is not present.

12.7 The Headteacher/senior teacher on all such occasions will immediately discuss the content of the allegation with the Local Authority Designated Officer (LADO) and follow the process for managing the concern laid down in the LSCP Procedures (<https://llrscb.proceduresonline.com/>). In addition to this, the Headteacher is aware of the harms thresholds and difference between low level concerns and harms as set out in KCSIE 2023 and within the schools 'Managing Allegations Procedures' (Appendix 3).

12.8 If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors / trustees who will consult with Children's Social Care, LADO, without notifying the Headteacher first. (0116 454 2440)

⁶ <https://saferrecruitmentconsortium.org/>

⁷ <https://saferrecruitmentconsortium.org/>

12.9 On all occasions identified in 12.7 & 12.8 above, the school will follow the LSCP/Local Authority procedures for managing allegations against staff and volunteers, a copy of which can be found in the School's Managing Allegations Policy (Appendix 3).

12.10 Suspension of the member of staff against whom an allegation has been made needs careful consideration, and we will consult the LADO (as in 12.8 above) in making this decision.

12.11 In line with this policy and other school procedures for incident reporting/recording, staff and pupil/students may provide accounts of events, which will be stored under our own secure systems and may be produced in the event of any allegation. However, such accounts must not constitute an official statement and the reporting person must not be questioned over their disclosure at this stage.

12.12 If our school receives an allegation relating to an incident that happened when an individual or organisation was using our premises for the purposes of running activities for children (for example community groups, sports associations, or service providers that run extra-curricular activities), as with any safeguarding allegation, where this is the case, we will follow our safeguarding policies and procedures, including informing the LADO. Furthermore, our lettings agreement for other users requires that the organiser will manage the suspension of adults where necessary from school premises.

12.13 Our school staff including supply staff are aware of and have an understanding of our 'Guidelines for Avoiding Allegations of Abuse' as outlined in Appendix 4.

12.14 Our school staff including supply staff and volunteers understand their responsibilities in raising an allegation against another staff member, following local authority and LSCP guidance and procedures.

13. Whistleblowing

13.1 We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.

13.2 All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues. If necessary, they should speak to the Chair of Governors or the Local Authority Designated Officer.

13.3 All staff are aware of and understand how to use our school's whistleblowing procedures (Appendix 8).

13.4 All staff have access to the NSPCC Whistleblowing Helpline

14. Our role in the prevention of abuse

14.1 We recognise that the school plays a significant part in the prevention of harm to our pupil/students by providing pupil/students with effective lines of communication with trusted adults, supportive friends and an ethos of protection.

14.2 The school community will therefore:

- Establish and maintain an ethos, which is understood by all staff, which enables children to feel secure and encourages them to talk knowing that they will be listened to. This includes considering the best interest of a child and maintaining the ethos of *'it could happen here'*.
- Ensure that all children know there is an adult in the school whom they can approach if they are worried or in difficulty.
- We will provide opportunities for students to develop skills, concepts, attitudes and knowledge that promote their safety and well-being.
- Relevant issues will be addressed through the PSHE curriculum, for example self-esteem, emotional literacy, assertiveness, power, sex and relationship education, mental/physical health, online safety and bullying.
- Relevant safeguarding issues will be addressed through other areas of the curriculum, for example, circle time, English, History, Drama, Art, ICT and E Safety (includes online and offline safety)
- Other areas of work
- All our policies which address issues of power and potential harm, for example bullying, equal opportunities, handling, positive behaviour, will be linked to ensure a whole school approach.
- Our safeguarding policy cannot be separated from the general ethos of the school, which should ensure that students are treated with respect and dignity, taught to treat each other with respect, feel safe, have a voice, and are listened to.

15. Safeguarding students who are vulnerable to extremism

15.1 Since 2010, when the Government published the Prevent Strategy⁸ and (Revised Prevent Duty Guidance 2015⁹), there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

15.2 Schools/colleges in the Trust value freedom of speech and the expression of beliefs/ ideology as fundamental rights underpinning our society's values. Both students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.

15.3 The current threat from terrorism in the United Kingdom may include the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism. The normalisation of extreme views may also make children and young people vulnerable to future manipulation and exploitation. The College is clear that this exploitation and radicalisation should be viewed as a safeguarding concern. Definitions of radicalisation and extremism, and indicators of vulnerability to radicalisation are in Appendix 5.

15.4 The College seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to religious ideologies, or to Far Right/Neo Nazi/White Supremacist ideology, Irish Nationalist extremist and Animal Rights movements.

15.5 The local risks to radicalisation

- Recent conflict in the city (Autumn 2022) between Islamic and Hindu communities highlights the continued need to educate all our students about tolerance and respect for all faiths, beliefs, cultures and communities. It is of positive note that there was no spill over into school of any of these troubles.
- The online space is high risk, not just in terms of radicalisation but also around harmful influences and platforms hosting hate speech/groups/individuals. This has increased significantly since COVID19 with children and young people being exposed to these narratives, misinformation, disinformation and conspiracy theories.
- The biggest threat is from DAESH and Al Qaeda influenced extremism- this is both locally and nationally. However, we know that the extreme right wing and far right have capitalised on the fear and uncertainty of COVID and have used it to their advantage within their propaganda i.e., anti-immigration sentiment, Islamophobia, and anti-Semitic narratives to name a few. Right wing groups such as Patriotic Alternative have made a concerted effort throughout the pandemic to engage young people and their parents. PA also have a local footprint in Leicester/Leicestershire.
- Self-Initiated Terrorism (previously referred to as lone actor attacks on home soil) is a priority locally and the propaganda being used by Daesh/Al Qaeda encourages this now rather than travelling to Islamic state territories to engage in conflict. SIT are difficult to identify because they act alone and often self-radicalise online.
- Mixed/Unclear and unstable ideologies are an emerging and increasing risk and are given the same consideration for support by Prevent as other more clear and consistent ideologies.

⁸ Prevent Strategy 2011 - https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/97976/prevent-strategy-review.pdf & CONTEST Strategy 2011 - https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/97994/contest-summary.pdf

⁹ Revised Prevent Duty Guidance 2015 <https://www.gov.uk/government/publications/prevent-duty-guidance>

15.6 Risk reduction: The school governors/proprietors/trustees, the Headteacher and the DSL's for Safeguarding will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include consideration of the school's RE curriculum, SEND policy, assembly policy, the use of school premises by external agencies, integration of students by gender and SEN, anti-bullying policy and other issues specific to the school's profile, community and philosophy.

15.7 When any member of staff has concerns that a student may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL in the first instance.

15.8 Numerous factors can contribute to and influence the range of behaviours that are defined as violent extremism, but most young people do not become involved in extremist action. For this reason, the appropriate interventions in any particular case may not have any specific connection to the threat of radicalisation, for example they may address mental health, relationship or drug/alcohol issues.

15.9 Our staff have undergone Prevent Awareness Training and understand the steps to follow, via discussions with the DSL, if a referral to the Channel Programme is required.

16. Contextual Safeguarding, Assessment of Risk Outside the Home, Extra Familial Harms (Child Criminal Exploitation)

16.1 CCE is a form of abuse and occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into criminal activity. Safeguarding incidents and CCE can be associated with factors outside the school and/or can occur between children outside of these environments.

The designated safeguarding lead (and deputies) will take into consideration whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious youth violence, county lines, and radicalisation.

This is known as contextual safeguarding and assessment of risk outside the home, which simply means College staff will take into consideration wider environmental factors that may be present in a child's life that are a threat to their safety and or welfare. This way, schools and colleges are able to provide as much information as possible as part of the referral process to Childrens Social Care as necessary. Environmental factors within Contextual Safeguarding include but not exclusive to.

17. County Lines & Child Financial Abuse

17.1 Criminal exploitation of children is a widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. County Lines is a term used when drug gangs from big cities expand their operations to smaller towns, often using violence to drive out local dealers and exploiting children and vulnerable people to sell drugs.

17.2 Common features in county lines drug supply is the exploitation of young and vulnerable people. The dealers will frequently target children and adults - often with mental health or addiction problems - to act as drug runners or move cash so they can stay under the radar of law enforcement.

17.3 People exploited in this way will quite often be exposed to physical, mental and sexual abuse, and in some instances will be trafficked to areas a long way from home as part of the network's drug dealing business.

17.4 We might not immediately think of children when we hear the words 'financial fraud.' But the reality is that more and more young people are finding themselves the victims of financial exploitation. Being groomed online to open bank accounts and launder criminal money. This is known as Child Financial Abuse. (CFB). Criminals befriend young people through social media and online games. They offer them gifts, promise easy money, gaming credits, skins or cryptocurrency. Once they've gained a young person's trust, they force them to carry out fraudulent activities, like opening a bank account for them. This is financial exploitation.

18. Serious Violence, Gang Violence & Youth Crime

Section 18 & 19 of this policy outlines the College responsibility in supporting children who are involved with Gangs and Knife crime. The same safeguarding procedures will apply if a child is experiencing this including contextual safeguarding. The Home Office have produced additional supporting guidance on Preventing and reducing serious violence¹⁰ to support schools/colleges further.

18.1 A gang is group of individuals that spends time in public and engages in criminal activity and violence. The group may also be territorial or in conflict with other gangs. Young people involved in gangs have an increased risk of experiencing violence and other types of abuse including sexual exploitation. Gang crime and serious youth violence is also often synonymous with knife crime and other serious violence.

18.2 The vast majority of young people and education establishments will not be affected by serious violence or gangs. However, where these problems do occur there will almost certainly be a significant impact.

18.3 Gangs specifically target children who have been excluded from school to groom them as drug dealers in towns across the UK. Exclusion from school appears to be a highly significant trigger point for the escalation of County Lines involvement for children who might be on the fringes of such activity or who are easily manipulated.

19. Knife Crime

19.1 Knife crime has been receiving countrywide attention after being recognised as a contemporary national threat in the UK. There have been a number of high-profile incidents where teenagers have been killed or injured by someone using a knife as a weapon. Knife crime simply put is any crime that involves a knife. This includes:

- carrying a knife or trying to buy one if you're under 18.
- threatening someone with a knife
- carrying a knife that is banned.
- a murder where the victim was stabbed with a knife.
- a robbery or burglary where the thieves carried a knife as a weapon.
- Within Leicester, May 2019 saw 237 reported incidents involving a knife or bladed instrument which was an increase of 30 from the previous month.

20. Child Criminal Exploitation and Cybercrime Involvement

20.1 Organised criminal groups or individuals exploit children and young people due to their computer skills and ability, in order to access networks/data for criminal and financial gain. There are a number of signs that may indicate a pupil/student is a victim or is vulnerable to being exploited which include:

- Absent or missing from education
- Show signs of other types of abuse/aggression towards others
- Have low self-esteem, and feelings of isolation, stress or fear.
- Lack trust in adults and appear fearful of authorities.
- Have poor concentration or excessively tired.

¹⁰ [Serious Violence Duty - Statutory Guidance \(publishing.service.gov.uk\)](https://publishing.service.gov.uk)

- Become anti-social.
- Display symptoms of substance dependence
- Excessive time online computer/gaming forums
- Social Isolation in school with peers
- High functioning with an interest in computing

21. Child Criminal Exploitation and Child Sexual Exploitation (CSE)

21.1 County Lines criminal exploitation is also synonymous with Child Sexual Exploitation. Criminal activity and Gang Association can lead into CSE through situations such as initiation, peer pressure in addition to sexual favours. Although county lines are mainly criminal, all our staff are aware of the definitions of CSE, signs and impact on vulnerable children. This is further outlined in section 17.1 of this Policy.

22. Modern Slavery & Trafficking

22.1 Slavery is an umbrella term for activities involved when one person obtains or holds another person in compelled service. The number of British children identified as potential victims of modern slavery has more than doubled in a year, prompting fresh concerns about child exploitation by county lines drugs gangs.

Someone is in slavery if they are:

- forced to work through mental or physical threat.
- owned or controlled by an 'employer', usually through mental or physical abuse or the threat of abuse.
- dehumanised, treated as a commodity or bought and sold as 'property'.
- physically constrained or have restrictions placed on his/her freedom.
- 'slavery' is where ownership is exercised over a person.
- 'servitude' involves the obligation to provide services imposed by coercion.
- 'forced or compulsory labour' involves work or service extracted from any person under the menace of a penalty and for which the person has not offered himself voluntarily.
- 'human trafficking' concerns arranging or facilitating the travel of another with a view to exploiting them.

22.2 Human trafficking

Recruitment, transportation, transfer, harbouring or receipt of persons by means of threat or use of force or other forms of coercion, of abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the giving or receiving of payments or benefits to achieve the consent of a person having control over another person; (where a child is involved, the above means are irrelevant). For the purposes of exploitation, which includes (but is not exhaustive):

- Prostitution
- Other sexual exploitation
- Forced labour
- Slavery (or similar)
- Servitude etc.
- Removal of organs

23. Child on Child Sexual Violence and Sexual Harassment

KCSIE 2023, Part 5 is explicit in their definition of Child on Child Sexual Violence and Sexual Harassment and its forms. However, within the context of contextual safeguarding, child on child abuse and peer influence has a massive impact on the child and young person (CYP). If CYP are exposed to other CYP who are known for being exploited, they are more likely to experience child on child abuse and be 'influenced' or 'swayed' to participate in illegal activity, criminal activity and sexual activity. Further information on Child-on-Child abuse and Sexual Violence and Sexual Harassment is outlined in our school's guidance Appendix 6 of this Policy and within section 28 of this policy.

24. Children and the court system

24.1 Children are sometime required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age-appropriate guides to support children 5-11 year olds and 12-17 year olds. <https://www.gov.uk/government/publications/young-witness-booklet-for-12-to-17-year-olds> and <https://www.gov.uk/government/publications/young-witness-booklet-for-5-to-11-year-olds>

24.2 Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool <https://helpwithchildarrangements.service.justice.gov.uk/> with clear and concise information on the dispute resolution service. This may be useful for some parents and carers. If a child or young person from our school is in a situation where they are required to give evidence, school staff members will support the child and family members where appropriate.

25. Children with family members in prison

25.1 The imprisonment of a household member is one of ten adverse childhood experiences known to have a significant negative impact on children's long-term health and wellbeing, their school attainment, and later life experiences. Children may have to take on extra responsibilities at home, including becoming young carers in some situations.

25.2 These children are at risk of poor outcomes including stigma, isolation and poor mental health. Parental imprisonment is also associated specifically with negative school experiences, such as truanting, bullying and failure to achieve in education and children of prisoners are at a higher risk of mental ill health and have an increased likelihood of experiencing poverty compared to their peers.

25.3 Approximately 200,000 children have a parent sent to prison each year and as such, staff members will support children and their family members if children from our school have family members in prison. In such cases, the College will remain non-judgemental and supportive towards the child and family so that they can achieve the best whilst in our environment. Furthermore, if a parent or carer finds themselves in this situation, we encourage you to speak with our DSL so that support can be given as necessary.

26. Homelessness

26.1 Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. Our DSL are aware of contact details and referral routes into the Local Housing Authority so they can raise/progress

concerns at the earliest opportunity if our children and family are experiencing homelessness. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property.

26.2 Whilst referrals and or discussion with the Local Housing Authority will be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

26.3 The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live.

26.4 Furthermore, staff also promote Early Help and Support so that children and families can be identified and supported at an early stage. If a parent or carer and/or their children find themselves in this situation, we strongly urge you to speak to our DSL or member of school staff so that support can be provided.

26.5 Safeguarding CYP is a local and national priority and within each College, protecting children from abuse, harm and neglect is a priority. Our Safeguarding and Child Protection Policy along with the school's values, ethos and behaviour policies, provides the basic platform to ensure children and young people are given the support to respect themselves and others, stand up for themselves and protect each other. Our staff are well versed with local and national guidance and are aware of emerging safeguarding concerns that could potentially harm our children and young people:

- Our school keeps itself up to date on the latest advice and guidance provided to assist in addressing specific vulnerabilities, mental health and forms of exploitation.
- Our staff are supported to recognise warning signs and symptoms in relation to specific issues and include such issues in an age-appropriate way in their curriculum.
- Our staff are aware of emerging issues and contextual safeguarding and take this into consideration when assessing children and young people's needs.
- Our school works with and engages our families and communities to talk about such issues.
- Our school staff are supported to talk to families about sensitive concerns in relation to their children and to find ways to address them together wherever possible.
- Our DSL knows where to seek and get advice as necessary.
- Our school brings in experts and uses specialist material to support the work we do.
- Our school staff fully understand how to raise a concern using the appropriate channels.

26.6 As staff are aware that safeguarding issues can manifest themselves in many different ways, our staff have received annual safeguarding training and additional information to better equip themselves in the knowledge of other forms of abuse as per Keeping Children Safe in Education 2023. These are outlined in Appendix 1.

27. Young Carers

27.1 A young carer is defined as: "You're a young carer if you're under 18 and help to look after a relative with a disability, illness, mental health condition, or drug or alcohol problem. If you're a young carer, you probably look after one of your parents or care for a brother or sister. You may do extra jobs in and around the home, such as cooking, cleaning, or helping someone get dressed and move around. You may also give a

lot of physical help to a brother or sister who's disabled or ill. Along with doing things to help your brother or sister, you may be giving them and your parents emotional support, too.”

27.2 We understand the difficulties that young carers face when supporting family members which can range from not completing homework, arriving to school late or not having enough sleep as examples. We are not here to judge, but rather to support the needs and wellbeing of the young person where necessary; our DSL's will support the young person in ensuring relevant support and guidance is given. Where possible, parents and carers should make the schools/college aware if a child they live with is a young carer to ensure relevant support is received as soon as possible.

27.3 Furthermore, additional information can be sought by contacting the schools directly or going direct to Leicester City Council, Duty and Assessment Service on: 0116 454 1004 and choose option 1 'City', then option 1 'Child' and then option 4 'Young carer' who provide regular and ongoing support to children and young people that are under the age of 18, who care for family members who are physically or mentally unwell, disabled and/or misuses substances. ¹¹

28. Other Forms of abuse and neglect

28.1 **Child Sexual Exploitation (CSE) & Trafficking.** CSE is a form of abuse and occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity. Sexual exploitation can take many forms ranging from seemingly consensual relationships to serious gang and group exploitation.

28.2 College staff are aware that sexual exploitation can take many forms and that pupil/students may not exhibit external signs of abuse. Our staff are also aware that it is an offence carrying a maximum sentence of two years imprisonment where an adult (any adult) intentionally communicates (for example, by e-mail, text message, written note or orally) with a child under 16 (whom the adult does not reasonably believe to be aged 16 or over) for the purpose of obtaining sexual gratification. This act forms part of Section 67 of the Serious Crime Act 2015¹² (offence of Sexual Communication with a Child) and came into force on 3 April 2017.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/604931/circular-commencement-s67-serious-crime-act-2015.pdf

28.3 Therefore, our staff are vigilant for the less obvious signs, such as lots of new electronic equipment, when before there was none, seeming to have extra money to spend, moving away from established friendship groups, and the use of language appropriate/inappropriate for the child's age.

28.4 Our school staff are also aware of some of the signs and symptoms of CSE through LSCPB Leaflets¹³, staff induction and as part of annual Whole School Safeguarding Training.

28.5 Our school staff follow guidance and procedures as outlined in 'Safeguarding Children and Young People from Sexual Exploitation in Leicester, Leicestershire and Rutland'¹⁴ available on the LSCPB website.

¹¹ [Help for young carers \(leicester.gov.uk\) | https://www.leicester.gov.uk/health-and-social-care/adult-social-care/support-for-carers/help-for-young-carers/](https://www.leicester.gov.uk/health-and-social-care/adult-social-care/support-for-carers/help-for-young-carers/)

¹² <https://www.gov.uk/government/publications/circular-201701-sexual-communication-with-a-child-implementation-of-s67-of-the-serious-crime-act-2015>

¹³ <https://www.lcitylscb.org/safeguarding-leaflets/>

¹⁴ <https://www.lcitylscb.org/safeguarding-leaflets/>

28.6 Our school staff are aware that if a disclosure is raised in reaction to CSE, that it will be reported straight to the DSL/SLT or Duty & Advice in their absence.

28.7 Sharing Nudes & Semi Nudes (formally Sexting) can also form part of CSE both online and offline

28.9 Child sexual exploitation can occur in different ways and in different situations. Many young people are 'groomed' by their abuser, online or face-to-face. Grooming is an action deliberately undertaken with the aim of befriending and establishing an emotional connection with a child, to lower the child's inhibitions with the intention to sexually abuse them.

28.10 Groomers will hide their true intentions and may spend a long time gaining a child's trust through a range of mediums including social media platforms. Section 67 of the Serious Crime Act 2015 (offence of Sexual Communication with a Child) which came into force on 3 April 2017 also applies to Sexting, Sharing Nudes and Semi Nudes (including videos and live streams) and Grooming and our staff are fully aware of the legislation¹⁵.

Grooming Models include:

- The relationship / peer model
- Organised / network model & trafficking model
- Inappropriate relationship model
- Gangs model
- Online Gaming / Social Networks

28.11 Our staff are aware of the types of grooming which take place, including grooming models through their annual safeguarding training and information from our DSL.

28.12 Sharing Nudes or Semi Nudes/Sexting is when someone sends or receives a sexually explicit text, image or video or use of live stream. This includes sending 'nude pics', 'rude pics' or 'nude selfies'. This can be via child on child or other adults. As recently as June 2017, figures show there have been more than 4,000 cases since 2013 where children have taken explicit pictures of themselves and sent them to others, the youngest being 5 years old and research from Child Line suggest six out of ten teenagers say they have been asked for sexual images or videos. It is illegal to possess, take or distribute sexual images of someone who is under 18, even if the young person under the age of 18 has taken the image themselves and passed it on themselves.

All schools/colleges take a zero-tolerance approach if children are found to be sending sexual images of themselves or others whether intentionally or maliciously in our school. Each has a duty of care to inform the Police and Children's Social Care if such a case occurs. We will also notify parents directly if their children are involved. In addition to supporting our children with being safe in a digital world and highlighting the dangers, our staff have also been issued with the guidance on 'Sharing Nudes and Semi Nudes' from the UK Council for Internet Safety (Dec 2020) and have an understanding of how to handle such incidents if they arise in our College.

https://inege.com/wp-content/uploads/2021/01/UKCIS_sharing_nudes_and_semi_nudes_advice_for_education_settings_V2.pdf

28.13 Staff follow school procedures in reporting such concerns and promote e-safety and dangers of sharing nudes, sexting, grooming and CSE through lessons, PSHE and assemblies. Our pupil/students are taught how

¹⁵ https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/604931/circular-commencement-s67-serious-crime-act-2015.pdf

to keep safe on and offline and e-safety is promoted throughout the school and home environment. Our school have also discussed local and national cases where grooming of young children has taken place such as the Kayleigh Haywood Story/Brecks Game to highlight the dangers.

28.14 Our E safety policy is highlighted to staff, pupil/students and parents and is available on our school's website including our acceptable usage policy and our staff have undergone relevant online safety at induction and regularly throughout the year.

29. Child on Child Sexual Violence & Harassment including child on child Abuse / Children using Harmful Sexual Behaviour ¹⁶ (HSB)

All staff should be aware that safeguarding issues can manifest themselves via child-on-child abuse. This is most likely to include, but may not be limited to:

- bullying (including cyberbullying).
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm.
- sexual violence and sexual harassment
- sexual activity without consent
- consensual and non-consensual of sharing nudes and semi nudes/sexting
- Upskirting
- initiation/hazing type violence and rituals

29.1 Sexual violence and sexual harassment (KCSIE 2023, Part 5) can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment.

29.2 Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that all victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBTQ children are at greater risk. Some risks can be especially compounded where children who are LGBTQ lack a trusted adult with whom they can be open with. Our staff therefore understand and endeavour to reduce any additional barriers faced and provide a safe space for our children to speak out or share their concerns.

29.3 We take child on child abuse/Child on Child Sexual Violence & Harassment seriously and we understand that some children are more vulnerable to physical, sexual and emotional bullying and abuse by their peers. In our school, this kind of abuse will always be taken as seriously as abuse perpetrated by an adult and as seriously as a child who is suffering or likely to suffer significant harm.

29.4 Our staff understand that a significant proportion of sexual related offences are committed by teenagers, and, on occasion, such offences are committed by younger children. Our staff therefore understand not to dismiss some abusive sexual behaviour as 'normal' between young people and not to create high thresholds in such cases before appropriate action is taken.

^{16&17} https://lrrscb.proceduresonline.com/p_sexually_harm_behav.html?zoom_highlight=children+using+abusive+behaviour

29.5 Our staff will respect confidentiality and anonymity of a child or young person reporting incidents of sexual violence and sexual harassment including situations where the child or young person asks staff not to tell anyone about the incident, making referrals against the wishes of the young person and considering the potential impact of social media breaching confidentiality. There are no easy or definitive answers when a victim makes this request. If the victim does not give consent to share information, staff may still lawfully share it, if there is another legal basis under the UK GDPR that applies.

29.6 Our lead DSL (or a deputy) will endeavour to balance the victim's wishes against their duty to protect the victim and other children. If the lead DSL (or a deputy) decide to make a referral to local authority children's social care and/or a report to the police against the victim's wishes, our DSL and staff will handle all incidents extremely carefully, and the reasons will explained to the victim, appropriate specialist support will be offered taking into consideration the best interest of the child at all times.

29.7 Where incidents of sexual violence and harassment have been raised, our staff, where applicable, will take into consideration the impact on siblings and understand the importance of intra familial harms.

29.8 Staff and carers of children living away from home need clear guidance and training to identify the difference between consenting and abusive, and between appropriate and exploitative peer relationships. Our school will provide information, guidance and training to relevant staff members to support them with this.

29.9 Children and young people who abuse others should be held responsible for their abusive behaviour, while being identified and responded to in a way that meets their needs as well as protecting others and our school has clear guidelines around this. See also point 28.10.

29.10 Our school staff understand that with regard to the alleged perpetrator(s), advice on behaviour in schools¹⁷ is clear that teachers can sanction pupil/students whose conduct falls below the standard which could be reasonably expected of them. Disciplinary action can be taken whilst other investigations by the police and/or local authority children's social care are ongoing (if any). The fact that another body is investigating or has investigated an incident does not in itself prevent our school from coming to its own conclusion, on the balance of probabilities, about what happened, and imposing a penalty accordingly. Our DSL or deputy DSL will take a leading role with this.

29.11 Our school also refers to the LSCPB procedures¹⁸ which are written with reference to sexually abusive and inappropriate behaviours. Keeping Children Safe in Education 2023 (Part 5) also makes reference to Child on Child Sexual Violence & Sexual Harassment and where there are serious child protection concerns, as a result of non-sexual violence by a child or young person, leading to actual or possible significant harm, our safeguarding and child protection measures will be implemented.

30. Upskirting

30.1 Upskirting is the act of taking a photograph of underneath a person's skirt without their consent. It is often performed in a public place; public transport or on an escalator, with crowds of people making it harder to spot people taking these photos. It could also happen on the way to and from school and within a school. Being victim to such an incident can cause emotional distress for the young child or young person involved.

¹⁷ [Behaviour in schools guidance \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/671427/behaviour-in-schools-guidance.pdf)

¹⁸ https://lrs.cb.proceduresonline.com/p_sexually_harm_behav.html?zoom_highlight=children+using+abusive+behaviour

Staff take these types of incidents seriously and our staff are aware of the law against 'Upskirting' which came into force on April 12, 2019 in England and Wales. If our staff are made aware of such incidents, the schools will follow its safeguarding procedures in addition to seeking advice from the Police.

30.2 All our staff are aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up.
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras, upskirting and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them and serious action will be taken.

30.3 If our staff have a concern that a child might have been abused by another child and/or is displaying inappropriate sexualised behaviour, staff will in the first instance refer their concerns to the DSL. The DSL will then directly contact Children’s Social Care/DAS in accordance with the LSCP Referrals Procedure to decide how the incident will be managed. Furthermore, our DSL will also seek advice from the Police where necessary. Our staff are aware of what child abuse and Sexual Violence/Harassment is at national and local levels through our annual Whole School Training and our DSL has attended CUSAB Training delivered by Safeguarding in Education to enhance their knowledge in this area further.

31. Domestic Violence and Abuse & Violence between young people (Teen relationships)

31.1 The cross-government definition of domestic violence and abuse is¹⁹:

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:

- psychological
- physical
- sexual
- financial
- emotional

31.2 There have been a number of high profiles cases both locally and nationally where domestic violence and abuse has had a significant and direct impact on the child and their mental health and wellbeing. If the school is made aware of incidents of domestic violence which is impacting on a child within the school, (suspicions and allegations of abuse, harm and significant risk to a child), the school will follow Local Authority and Leicester Safeguarding Board guidelines in reporting such concerns to Childrens Social Care, Duty and Advice or the Police and will also seek further guidance where necessary.

31.3 Domestic abuse is not limited to adults; there is an increasing awareness of violence from one teenager to another.

- 1 in 5 teenage girls have been assaulted by a boyfriend.
- Young women are more likely to experience sexual violence than other age groups.

¹⁹ <https://www.gov.uk/guidance/domestic-violence-and-abuse>

- Young women with older partners are at increased risk of victimisation.
- Recent surveys (including NSPCC²⁰, Zero Tolerance and End Violence Against Women campaign) reveal that approximately 40% of our young people are already being subjected to relationship abuse in their teenage years.

31.4 If the College is made aware of children behaving this way with other children within our school, and violence is apparent between the young people's intimate relationship; this includes issues around the use of social media and Sexting, we will view this as a significant child welfare concern and where necessary, the appropriate agencies will be informed. This includes Children Social Care and the Police.

31.5 If such cases are prevalent within our school, whether the incident involves Adult Relationships or Teen Relationships, the school will also work closely with the child and the Headteacher/DSL will endeavour to support the child who has been exposed to this type of violence and abuse with the involvement of (where appropriate) their parents/carers and their boyfriend/girlfriend.

31.6 Furthermore, involvement through Operation Encompass and Early Help can also support the child and parents/carers. The school will ensure communications and multiagency working with Social Care and Early Help is maintained to fully support the child and their family. (Victims). Staff will also work with all the children in our school to ensure information and the importance of healthy relationships is highlighted through assemblies, circle time and PSHE/RSHE lessons.

32. Children Missing From Education/Children who are absent from education

32.1 Children being absent from education for prolonged periods and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and child criminal exploitation - particularly county lines. Our response to persistently absent pupil/students and children missing education supports identifying such abuse, and in the case of absent pupil/students, helps prevent the risk of them becoming a child missing education in the future. This includes when problems are first emerging but also where children are already known to the local authority.²¹

32.2 A Child Missing From Education forms part of the wider LSCP procedures²² for children who go missing from School, Home or Care Education and includes Families who go missing.

32.3 Should a pupil/student go missing from the College our staff with responsibility for attendance will inform the DSL/SLT and contact the Educational Welfare Service. The DSL will consider further actions and/or support should it be required and ensure they help identify any risk of abuse and neglect, including sexual exploitation and to help prevent the risks of them going missing in future.

32.4 If a child is no longer coming to our school where the parent/carer has removed them, we will ensure that appropriate steps are taken, and measures are in place. I.e., we will follow our school guidelines in monitoring those parents/carers home tutoring, follow procedures where a child is taken out of school to go on holiday or where a child is removed from school as the family are moving away.

²⁰ [New report shows scale of abuse against teenagers | NSPCC](#)

²¹ [Missing Children and Adults - A cross government strategy \(publishing.service.gov.uk\)](#) (additional resources for schools/colleges)

²² <https://llrscb.proceduresonline.com/index.htm>

32.5 We will notify all relevant partner agencies/services including Education Welfare, correct forms will be completed, information will be recorded, and child folders/information will be passed on to the appropriate person (where applicable).

33. Honor based Abuse (HBA)

33.1. Honour-based Abuse is a term that embraces a variety of crimes of violence (mainly but not exclusively against women) including domestic abuse, which is perpetrated in the name of so called 'honour'. The honour code which it refers to is set at the discretion of male relatives and women who do not abide by the 'rules' are then punished for bringing shame on the family. Infringements may include a woman having a boyfriend; rejecting a forced marriage; pregnancy outside of marriage; interfaith relationships; seeking divorce, FGM, Forced Marriage, abuse linked to faith and culture, breast ironing, inappropriate dress or make-up and even kissing in a public place.

33.2 HBA can exist in any culture or community where males are in position to establish and enforce women's conduct. However, males can also be victims, sometimes because of a relationship which is deemed to be inappropriate, if they are gay, have a disability or if they have assisted a victim.

34. Female Genital Mutilation

34.1 Female Genital Mutilation is an illegal operation under the Female Mutilation Act 2003, it is a form of child abuse and as such, is dealt with under the school's Child Protection & Safeguarding Policy.

34.2 Definition of Female Genital Mutilation²³ (FGM):

FGM comprises of all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs whether for cultural or non-therapeutic reasons.

Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. Therefore, our staff have been briefed on the importance of FGM through our Whole School Safeguarding training and are aware of some of the signs and symptoms.

Responding to FGM - The school will ensure:

- We raise awareness of staff regarding the issues of FGM through Whole School Training
- Staff have a clear understanding of what is FGM.
- FGM is within the schools Safeguarding Policy
- Sex and Health curriculum supports pupil/students understanding of their bodies and keeping themselves safe.
- Monitoring absences

34.3 As of October 2015, it became a mandatory responsibility of all staff members to report any suspicion of FGM to the police if the child is under 18 years of age. If any of our staff are aware of such concerns, staff will, in the first instance, report their concerns to the DSL and/or Headteacher and then take appropriate steps to either, directly contact the Police or seek advice from Duty & Advice, Children's Social Care.

²³ FGM Revised Guidance July 2020 - <https://www.gov.uk/government/publications/multi-agency-statutory-guidance-on-female-genital-mutilation>

34.4 Any concerns raised including any referrals made will be monitored closely and recorded following our school's procedures by the staff members raising the concern, the DSL or both.

34.5 Furthermore, our school staff are aware that guidance on FGM has been updated in July 2020 and the guidance is available to all staff.

35. Forced Marriage

35.1 A forced marriage is a marriage that is performed under duress and without the full and informed consent or free will of both parties. Duress cannot be justified on religious or cultural grounds. Victims of forced marriage may be the subject of physical violence, rape, abduction, false imprisonment, enslavement, emotional abuse, and murder. It is important not to confuse 'forced' marriage with 'arranged' marriage. In the instance of an 'arranged' marriage both parties freely consent.

35.2 Since February 2023 it has also been a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages.

35.3 The Governments definition of a Forced Marriage²⁴ is:

A forced marriage is where one or both people do not (or in cases of people with learning disabilities, cannot) consent to the marriage and pressure or abuse is used. It is an appalling and indefensible practice and is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights.

35.4 Through induction and whole school training, staff are aware of the importance and impact on a child/student who is involved in such situations.

35.5 In addition, the Forced Marriage Unit have issued guidance on Forced Marriage and vulnerable adults due to an emerging trend of cases where such marriages involving people with learning difficulties. This is not a crime' which is perpetrated by men only, sometimes female relatives will support, incite or assist. It is also not unusual for younger relatives to be selected to undertake the abuse to protect senior members of the family. Sometimes contract killers and bounty hunters will also be employed.

35.6 In such cases, disclosures and concerns relating to Forced Marriage/Honour Based Abuse will be reported directly to the DSL / the Police due to the impact it could have on the child/student in the wider community. Information will be sought from Children's Social Care Duty & Advice and where appropriate and Police and the Forced Marriage Unit.

²⁴ <https://www.gov.uk/guidance/forced-marriage>

36. Abuse linked to faith, beliefs and culture

36.1 Child abuse is never acceptable in any community, in any culture, in any religion, under any circumstances. However, some children are subject to certain kinds of child abuse linked to their faith, belief or culture and this includes abuse that might arise through a belief in spirit possession or other spiritual or religious beliefs.

This kind of abuse can also include:

- Belief in the concept of witchcraft, magic or voodoo
- Demons or the devil acting through children or leading them astray.
- The evil eye or djinns and dakini
- Ritual or muti murders
- Breast Ironing
- Female Genital Mutilation
- Honour based violence and Forced Marriage
- Chastisement of a child in a Place of Worship

36.2 Whilst this is not an exhaustive list, the College recognises that sadly, such cases are on the increase within the community and as a school, we take such incidents as seriously as any other kind of abuse perpetrated by an adult on a child.

36.3 If the school has been made aware of such a case, the school will follow LSCP procedures and where appropriate, report the incident to Children Social Care and/or the Police.

36.4 As a school, our staff are aware of some of the signs of this kind of abuse and have attended training to support them further. We also work closely with all our children to promote healthy relationships and British Values. Our code of conduct (Children/Teachers/Parents & Carers), also teaches our children mutual respect of other faith, beliefs and cultures in a positive manner rather than negative. We believe and respect each other in our school and maintain this ethos throughout the teaching and learning environment.

37. Early Help and Supporting Children and their Families

37.1 Early Help and prevention is about how different agencies work together to help children, young people and their families at any point in their lives to prevent or reduce difficulties. This means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

37.2 Key staff members and DSLs have attended our LSCPBs Early Help and Early Help Assessment Training, and our staff are prepared to identify any children who may benefit from Early Help. (signpost/refer accordingly).

38. Bullying and Safeguarding

38.1 **The Law** - Some forms of bullying are illegal and should be reported to the police. These include:

- violence or assault
- theft
- repeated harassment or intimidation, for example name calling, threats and abusive phone calls, emails or text messages.

- hate crimes.

38.2 Bullying is defined as 'behaviour by an individual or group, usually repeated over time, which intentionally hurts another individual or group either physically or emotionally'. Repeated bullying usually has a significant emotional component, where the anticipation and fear of being bullied seriously affects the behaviour of the victim.

38.3 It can be inflicted on a child by another child or an adult. Bullying can take many forms (for instance, cyber-bullying via text messages or the internet), and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, or because a child is adopted or has caring responsibilities. It might be motivated by actual differences between children, or perceived differences.

38.4 Each school has a legal duty to ensure we have an Anti-Bully Policy in place and that all staff, children and parents/carers are made aware of it. This document can be accessed on our school's website and sets out clear procedures in managing such incidents within the school. We also deliver work in school about anti-bullying through assemblies and lessons and our staff are trained in appropriately dealing with such incidents.

38.5 However, at times, bullying such as child on child abuse; sexualised behaviour, serious incidents of harm, homophobic behaviours, cyber bullying and Sexting/Use of mobile phones may occur and will be taken seriously and as a serious safeguarding concern especially if the child is at risk of significant harm. In such cases, our Designated Safeguarding Lead and the Headteacher will assess the situation and seek advice and guidance from Children's Social care or the Police especially in relation to illegal activity.

39. Local Priorities

39.1 Within Leicester City, the Local Authority and LSCPB has have their own priorities which reflect the area in which a school is based. Some of these include being aware of Knife Crime, Gang Related Issues, Radicalisation, County Lines, Criminal Activity, Antisocial Behaviour, FGM and Contextual Safeguarding. (This is not an exhaustive list).

39.2 Within our local community area, our priorities are:

- Mental Health
- Substance Misuse
- Domestic Violence

39.3 Our SLT, DSLs and staff are aware of these priorities and we aim to raise awareness through a whole school approach and staff training to ensure our children and young people are aware of such issues and that we implement the correct policies and procedures to ensure that our children and young people are safe within school and within the community we serve. We work closely with other agencies including the Police, Community Groups and Social Care and where appropriate, parents and carers will also be a part of this whole school and whole community approach process.

40. Private Fostering

40.1 A private fostering arrangement is one that is made without the involvement of the local authority to look after a child under the age of 16 (or under 18 if disabled) by someone other than a parent or close

relative, for 28 days or more and can include those living with extended family members. So, this could be a child living with people as stated below:

Private Fostering includes a child living with:	Private Fostering does not include a child living with:
Godparents	Mother/Father
Great Grandparents	Brothers/Sister
Great Aunts or Uncles	Grandparents
Family Friends	Aunts/Uncles
Step parents where a couple isn't married or in a civil partnership	Step Parents where a couple is married or in a civil partnership
Cousins	Children and young people who are being looked after by the Authority.
A host family which is caring for a child from overseas while they are in education here	

40.2 It's a legal duty (Children Act 1989) for parents or the private foster carer to notify the local authority of whenever a child is not living with a close relative. This should be done six weeks before the arrangement takes place or immediately if it is unplanned or already happening. This is so the local authority can work with private foster carers to keep children safe and support anyone who is privately fostering.

40.2 Staff are aware of what Private Fostering is and staff in our school understand their legal duty under the Children Act 1989 to notify the Local Authority/Childrens Social Care, they are made aware of such cases. The College understands the apprehension some carers may feel in raising such concerns and the difficulty that some carers may have if faced with this situation. As such, the school and staff will endeavour to support the carers and the child to ensure the wellbeing of the child is maintained and help and advice is made available.

41. Online Safety

41.1 Technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content. An effective approach to online safety empowers a school or college to protect and educate the whole school or college community in their use of technology and establishes mechanisms to identify, intervene in, and escalate any incident where appropriate. See Appendix 7 for additional information.

We take online safety and well-being of staff and children seriously and all our staff are given safeguarding training including online safety at induction. In addition to this, all staff receive, child protection, safeguarding and online safety updates via email, e-bulletins and staff meetings at least annually to provide them with relevant skills and knowledge to safeguard children effectively. Our approach to online safety is reflected as required in all relevant policies and whilst planning the curriculum, teacher training, the role and responsibilities of the designated safeguarding lead and any parental engagement.

The school will consider a whole school approach to online safety. This will include a clear policy on the use of mobile technology in the school. Many children have unlimited and unrestricted access to the internet via 4G and 5G and the school will carefully consider how this is managed on our premises. The policy will take into consideration the use of all handheld devices and smart watches.

41.4 Staff training - The school will ensure that online safety training for staff will include monitoring and filtering and is integrated, aligned and considered as part of the overarching safeguarding approach.

42. Monitoring and Filtering

42.1 Monitoring and filtering play crucial roles in the responsible use of the internet. With the vast amount of information available online, these tools help ensure a safe and productive online environment. Monitoring involves tracking internet activities to prevent illegal or harmful content, protecting users from cyber threats, and enforcing compliance with policy and guidance. Filtering, on the other hand, enables the customisation of internet access, allowing schools and colleges to block inappropriate content and prioritise educational resources. Both monitoring and filtering are essential in schools, colleges, and homes to safely foster positive internet experience for all users.

42.2 It is the responsibility of our Lead DSL to ensure online safety and understanding the filtering and monitoring systems and processes in place for the College. Our Lead DSL will also ensure ALL our staff receive appropriate training and understand the expectations, roles and responsibilities in relation to filtering and monitoring which also ties in with Teachers Standards²⁵ and staff Code of Conduct Policy and our Governing Body will regularly review its effectiveness (KCSIE Role of DSL and Para 141).

42.3 Our establishment further understands the importance of regular contact with parents and carers. Where appropriate, these communications will be used to reinforce the importance of children being safe online as it is likely that supporting parents and carers will find it helpful to understand what systems we use to filter and monitor online use. It will be especially important for parents and carers to be aware of what their children are being asked to do online, including the sites they will be asked to access and be clear who from the school or college (if anyone) their child is going to be interacting with online. For additional information on monitoring filtering within our establishment, please see Appendix 7 for additional information.

[Meeting digital and technology standards in schools and colleges - Filtering and monitoring standards for schools and colleges - Guidance - GOV.UK \(www.gov.uk\)](#) (Updated Guidance Gov Mar 23)

[Meeting digital and technology standards in schools and colleges - Filtering and monitoring standards for schools and colleges - Guidance - GOV.UK \(www.gov.uk\)](#)

43. Use of school or college premises for non-College activities

43.1 Where governing bodies or proprietors hire or rent out school or college facilities/premises to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) they should ensure that appropriate arrangements are in place to keep children safe.

²⁵ [Teachers' Standards guidance \(publishing.service.gov.uk\)](#)

43.2 When services or activities are provided by the governing body or proprietor, under the direct supervision or management of their school or college staff, their arrangements for child protection will apply. However, where services or activities are provided separately by another body this is not necessarily the case. The governing body or proprietor should therefore seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as needed); and ensure that there are arrangements in place to liaise with the school or college on these matters where appropriate. This applies regardless of whether the children who attend any of these services or activities are children on the school roll or attend the college.

43.3 The governing body or proprietor should also ensure safeguarding requirements are included in any transfer of control agreement (i.e., lease or hire agreement), as a condition of use and occupation of the premises; and that failure to comply with this would lead to termination of the agreement.

44. What we do when we are concerned about a child

44.1 Where risk factors are present but there is no evidence of a particular risk, then our DSL/SLT advises us on preventative work that can be done within school to engage the student into mainstream activities and social groups. The DSL/SLT may well be the person who talks to and has conversations with the student's family, sharing the school's concern about the young person's vulnerability and how the family and school can work together to reduce the risk.

44.2 In this situation, depending on how worried we are and what we agree with the parent and the young person (as far as possible).

44.3 The DSL can decide to notify Duty and Advice, Early Help or Family Support Services so that a strategic overview can be maintained, and any themes or common factors can be recognised; and The school will review the situation after taking appropriate action to address the concerns.

44.4 The DSL will also offer and seek advice about undertaking an Early Help assessment and/or making a referral to Early Help services.

44.5 In addition to the above, our College staff will refer to Appendix 2 'Procedure to follow in cases of possible, alleged or suspected abuse, or serious cause for concern about a child' when dealing with a child Disclosure or an allegation of abuse.

45. Policy review

The Governing Body of our school will review the Safeguarding and Child Protection Policy annually.

46. Other Relevant Policies

The Governing Board's legal responsibility for safeguarding the welfare of the children goes beyond child protection. Their duty is to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, for instance:

- Children's behaviour management, including drug/alcohol use.
- Staff behaviour and management (Code of Conduct; Safer Working Practice)

- Parents behaviour and management (Code of conduct when in school)
- Racist incidents and Homophobic Behaviour (LGBTQ)
- Anti-bullying including Peer Abuse and Children Using Sexually Abusive behaviour.
- Sexual Violence and Sexual Harassment between children in schools and colleges (child on child) (Appendix 6).
- Physical interventions/restraint
- Special Educational Needs, Mental Health Issues and Disabled Children
- Trips and visits
- Work experience and work-related learning placements
- First aid and the administration of medicines
- Health and safety & Site security
- Sex and Relationship Education/Underage Sexual Activity (Healthy Relationships and Domestic Violence in Young People)
- Equal opportunities
- ICT and Online safety, including on and offline and acceptable usage (Handheld devices and smart watches)
- Extended School Activities
- Mobile phone and camera use (digital equipment)
- LAC Policy
- Visitor Policy
- Safer Recruitment Policy
- Managing Allegations Procedure / Local Authority Designated Officer (LADO) (Appendix 3)
- Monitoring, Recording, Retaining Safeguarding Records Guidance
- Whistleblowing Procedures (Appendix 8)

The above list is not exhaustive and when undertaking development or planning of any kind, leaders in each College and Governors will consider the best interest of our children and any implications for safeguarding children and promoting their welfare.

APPENDIX 1- DEFINITION AND INDICATORS OF ABUSE

Overview

Abuse, as outlined in KCSIE 2023, is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

1. NEGLECT

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

Provide adequate food, clothing and shelter (including exclusion from home or abandonment).
Protect a child from physical and emotional harm or danger.
Ensure adequate supervision (including the use of inadequate caregivers); or
Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
The following may be indicators of neglect (this is not designed to be used as a checklist):

- Constant hunger
- Fabricated or Induced Illnesses (Munchausen Syndrome by Proxy)
- Stealing, scavenging and/or hoarding food
- Frequent tiredness or listlessness
- Frequently dirty or unkempt
- Often poorly or inappropriately clad for the weather.
- Poor school attendance or often late for school
- Poor concentration
- Affection or attention seeking behaviour.
- Illnesses or injuries that are left untreated.
- Failure to achieve developmental milestones, for example growth, weight.
- Failure to develop intellectually or socially.
- Responsibility for activity that is not age appropriate such as cooking, ironing, caring for siblings.
- The child is regularly not collected or received from school; or
- The child is left at home alone or with inappropriate carers.

Neglect is a priority for Leicester, Leicestershire & Rutland LSCPB. Neglect has been identified as a feature in national & local Serious Case Reviews (SCR's), local learning reviews and multi-agency audits. Our local LSCPB have developed a *Neglect Toolkit* to support practitioners identify neglect earlier in families. Key staff members and DSL's in our school are versed with this document and understand when to use it.

<http://www.lcitylscb.org/information-for-practitioners/safeguarding-topics/neglect/>

2. PHYSICAL ABUSE

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

The following may be indicators of physical abuse (this is not designed to be used as a checklist):

- Multiple bruises in clusters, or of uniform shape
- Bruises that carry an imprint, such as a hand or a belt
- Bite marks
- Round burn marks.
- Multiple burn marks and burns on unusual areas of the body such as the back, shoulders or buttocks.
- An injury that is not consistent with the account given
- Changing or different accounts of how an injury occurred.
- Bald patches
- Symptoms of drug or alcohol intoxication or poisoning
- Unaccountable covering of limbs, even in hot weather
- Fabricated or Induced Illnesses (Munchausen Syndrome by Proxy)
- Fear of going home or parents being contacted.
- Fear of medical help
- Fear of changing for PE
- Inexplicable fear of adults or over-compliance
- Violence or aggression towards others including bullying; or
- Isolation from peers.

3. SEXUAL ABUSE

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit act of sexual abuse, as can other children.

The following may be indicators of sexual abuse (this is not designed to be used as a checklist):

- Sexually explicit play or behaviour or age-inappropriate knowledge
- Anal or vaginal discharge, soreness or scratching
- Reluctance to go home.
- Inability to concentrate, tiredness.
- Refusal to communicate.
- Thrush, persistent complaints of stomach disorders or pains
- Eating disorders, for example anorexia nervosa and bulimia

- Attention seeking behaviour, self-mutilation, substance abuse.
- Aggressive behaviour including sexual harassment or molestation.
- Unusual compliance
- Regressive behaviour, enuresis, soiling
- Frequent or open masturbation, touching others inappropriately.
- Depression, withdrawal, isolation from peer group
- Reluctance to undress for PE or swimming; or
- Bruises or scratches in the genital area.

3a. SEXUAL EXPLOITATION

Child sexual exploitation occurs when a child or young person, or another person, receives “something” (for example food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) because of the child/young person performing sexual activities, or another person performing sexual activities on the child/young person. Sexual Exploitation can also include Grooming and Sexting.

The presence of any significant indicator for sexual exploitation should trigger a referral to children’s social care. The significant indicators are: (not an exhaustive list)

- Having a relationship of concern with a controlling adult or young person (this may involve physical and/or emotional abuse and/or gang activity)
- Entering and/or leaving vehicles driven by unknown adults
- Possessing unexplained amounts of money, expensive clothes or other items
- Frequenting areas known for risky activities.
- Being groomed or abused via the Internet and mobile technology; and
- Having unexplained contact with hotels, taxi companies or fast-food outlets.

4. EMOTIONAL ABUSE

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may also involve seeing or hearing the ill-treatment of another person. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment. The following may be indicators of emotional abuse (this is not designed to be used as a checklist):

- The child consistently describes him/herself in very negative ways – as stupid, naughty, hopeless, ugly.
- Over-reaction to mistakes
- Delayed physical, mental or emotional development.
- Sudden speech or sensory disorders
- Inappropriate emotional responses, fantasies

- Neurotic behaviour: rocking, banging head, regression, tics and twitches.
- Self-harming, drug or solvent abuse
- Fear of parents being contacted.
- Running away
- Compulsive stealing
- Appetite disorders - anorexia nervosa, bulimia; or
- Soiling, smearing faeces, enuresis.

N.B.: Some situations where children stop communication suddenly (known as “traumatic mutism”) can indicate maltreatment.

5. SEXUAL HARASSMENT AND SEXUAL VIOLENCE²⁶

Sexual violence

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003¹⁰⁵ as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent? Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual harassment

When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline. When we reference sexual harassment, we do so in the context of child-on-child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names.

²⁶[Keeping Children Safe in Education 2023 \(publishing.service.gov.uk\)](#)- Part 5

- Sexual “jokes” or taunting.
- Physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- Online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.¹⁰⁸ It may include:
 - Non-consensual sharing of sexual images and videos
 - Sexualised online bullying.
 - Unwanted sexual comments and messages, including, on social media; and
 - Sexual exploitation; coercion and threats

The response to a report of sexual violence or sexual harassment

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

6. RESPONSES FROM PARENTS

Research and experience indicate that the following responses from parents may suggest a cause for concern across all four categories:

- Delay in seeking treatment that is obviously needed.
- Unawareness or denial of any injury, pain or loss of function (for example, a fractured limb)
- Incompatible explanations offered, several different explanations or the child is said to have acted in a way that is inappropriate to her/his age and development.
- Reluctance to give information or failure to mention other known relevant injuries.
- Frequent presentation of minor injuries
- A persistently negative attitude towards the child
- Unrealistic expectations or constant complaints about the child
- Alcohol misuse or other drug/substance misuse
- Severe chastisement of a child including withholding food and using food as a form of punishment
- Parents request removal of the child from home; or
- Violence between adults in the household.

7. SEND CHILDREN (Special Educational Needs and Disabilities)

The College is inclusive and welcomes all pupil/students including those with SEND. We believe in providing every possible opportunity to enable our pupil/students to develop their full potential whilst promoting their self-esteem and valuing their individuality.

Some children have barriers to learning that mean they have special needs and require particular action by the school. Our dedicated SENCO and teachers take account of these requirements and make provision, where necessary, to support individuals or groups of children and thus enable them to participate effectively in curriculum and assessment activities.

Key issues for safeguarding children with disabilities include:

- Social isolation
- Reliance on others for personal care
- Impaired capacity to resist or report abusive behaviour.
- Reduced access to someone to tell.
- Especially vulnerable to bullying and intimidation.
- More frequently away from home, e.g., in hospital, respite care or residential living

Our SENCO and teachers have attended appropriate training as part of their CPD; whole school safeguarding training, understand the vulnerability of SEND children and understand that SEND children may be at higher risk of abuse or neglect.

Some indicators concerns could include:

- A bruise in a site that might not be of concern on an ambulant child, such as the shin, might be of concern on a non-mobile child.
- Not getting enough help with feeding leading to malnourishment
- Poor toileting arrangements
- Lack of stimulation
- Unjustified and/or excessive use of restraint
- Rough handling, extreme behaviour modification e.g., deprivation of liquid, medication, food or clothing
- Unwillingness to try to learn a child's means of communication.
- Ill-fitting equipment e.g., callipers, sleep boards, inappropriate splinting; misappropriation of a child's finances
- Invasive procedures which are unnecessary or are carried out against the child's will.
- A lack of knowledge about the impact of disability on the child
- A lack of knowledge about the child, e.g., not knowing the child's usual behaviour
- Not being able to understand the child's method of communication.
- Confusing behaviours that may indicate the child is being abused with those associated with the child's disability.
- Denial of the child's sexuality
- Behaviour, including sexually harmful behaviour or self-injury may be indicative of abuse.
- Being aware that certain health/medical complications may influence the way symptoms present or are interpreted.

The College has a specific SEND Policy. All our staff have access to this policy and key staff members are also aware of the LSCPB Procedures²⁷ online. As best practice our school will ensure we:

- Provide starting points for the development of an appropriate curriculum.
- Identify and focus attention on action to support the child within the class.
- Use the assessment processes to identify any learning difficulties.
- Ensure ongoing observation and assessments provide regular feedback about the child's achievements and experiences to form the basis for planning the next steps of the child's learning.
- Help disabled children make their wishes and feelings known in respect of their care and treatment.
- Ensure that disabled children receive appropriate personal, health, and social education (including sex education).

²⁷ <http://www.lcitylscb.org/information-for-practitioners/safeguarding-topics/neglect/>

- Make sure that all disabled children know how to raise concerns and giving them access to a range of adults with whom they can communicate.
- Those disabled children with communication impairments should always have available to them a means of being heard.
- Close contact with families, and a culture of openness on the part of services
- Guidelines and training for staff on good practice in intimate care; handling difficult behaviour; consent to treatment; anti-bullying strategies; and sexuality and sexual behaviour among young people.
- Guidelines and training for staff working with disabled children aged 16 and over to ensure that decisions about disabled children who lack capacity will be governed by the Mental Health Capacity Act once they reach the age of 16.
- Use specialist service needs/multi-agency approach if as a school we feel additional, support resources and interventions are required.

APPENDIX 2 - PROCEDURE TO FOLLOW IN CASES OF POSSIBLE, ALLEGED OR SUSPECTED ABUSE, OR SERIOUS CAUSE FOR CONCERN ABOUT A CHILD: FOR ALL STAFF MEMBERS

Teachers are in a unique position to identify and help children who may be being abused. Although all schools are required to have a named designated teacher with responsibility for co-ordinating child protection, this should not diminish the role all teachers have in protecting children. Child abuse usually comes to the attention of teachers in one of four ways:

- a direct allegation from the child being abused,
- a third party (e.g., friend, classmate) report,
- through the child's behaviour
- or through observation of an injury to the child.

When a child makes a disclosure, or when concerns are received from other sources, do not investigate, ask leading questions, examine children, or promise confidentiality. You may ask questions of a clarifying nature – such as 'who, what, where, when and how?' or use the acronym TED – 'Tell me, 'Explain it to me', Describe it to me.'

Remember, the way in which you talk to the child may influence any subsequent legal proceedings. You need to be open and non-judgemental. Children making disclosures should be reassured and, if possible, at this stage, should be informed what action will be taken next.

As soon as possible write a dated and timed note of what has been disclosed or noticed, said or done and report to the Designated Safeguarding Lead (DSL). It is important to act swiftly to avoid delays.

As a general guide, it is important to remember the following:

SECRETS - A child's trust can place a heavy responsibility on teachers, particularly if they want the abuse to remain a secret. You should tell the child that if he or she is being hurt you will need to tell other people. The child may need to be reassured that you will only speak to those who need to know and that they will treat the matter confidentially.

LISTEN - Listen carefully to the child. Take what he or she says seriously as it is rare for a child to make entirely false allegations.

REASSURE - Reassure the child that he or she was right to tell and is not to blame for what happened, but do not promise confidentiality.

RECORD - As soon as possible after talking with the child, make a written record of what was said at the time, when and where the conversation took place and who was present. This must be accurate and not interpretation or assumption. Note any colloquial/slang words used by students and any language/behaviour inappropriate for the child's age – do not convert them into proper terms. Remember this may be used in any subsequent legal proceedings so note down too, how the child was behaving and the way in which they told you what was happening. This may indicate how the child was feeling.

For injuries in specific areas, record the location accurately – DO NOT take photographs or examine the child yourself.

SUPPORT - Get support for yourself. Listening to abused children can be very upsetting, and giving the child help may be difficult, if you are not given support yourself. Experience of working with children is not, in itself, preparation for the distress abuse can raise.

REMEMBER - It takes courage and determination for a child to tell an adult that they are being, or have been, abused. When they do tell someone, it is usually a person who they feel they can trust and whom they feel is reliable. For reasons of confidentiality, only those people who need to know about the abuse should be told, and conversations about the child should always be held in private.

If the concern involves the conduct of a member of staff or volunteer, a visitor, a governor, a trainee or another young person or child, the DSL/Headteacher must be informed asap; if the concern is in reaction to your Headteacher, you must speak to your Governor. If you feel you cannot speak with your Governors, you must use your whistleblowing procedure and contact Duty & Advice/LADO for advice and support (Appendix 8).

NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk.

APPENDIX 3 - ALLEGATIONS ABOUT A MEMBER OF STAFF/VOLUNTEERS

Guidance on managing allegations procedures

As per KCSIE 2023, it is the responsibility of each school to ensure procedures are in place for dealing with concerns and/or allegations against those working in or on behalf of schools and colleges in a paid or unpaid capacity, including, members of staff, supply teachers, volunteers and contractors. Our procedures are consistent with local safeguarding procedures and practice guidance and KCSIE 2023²⁸.

1. Inappropriate behaviour by staff/volunteers could take the following forms:

- **Physical**
For example, the intentional use of force as a punishment, slapping, use of objects to hit with, throwing objects or rough physical handling.
- **Emotional**
For example, intimidation, belittling, scapegoating, sarcasm, lack of respect for children's rights, and attitudes that discriminate on the grounds of race, gender, disability or sexuality.
- **Sexual**
For example, sexualised behaviour towards students, sexual harassment, sexual assault and rape.
- **Neglect**
For example, failing to act to protect a child or children, failing to seek medical attention or failure to carry out an appropriate risk assessment.

KCSIE 2023²⁹ states that LADO procedures are categorised in to 2 main areas:

1. Allegations that may meet the harms threshold.
2. Allegation/concerns that do not meet the harms threshold – referred to as 'low level concerns'.

Section one: Allegations that may meet the harms threshold

- Behaved in a way that has harmed a child, or may have harmed a child, and/or
- Possibly committed a criminal offence against or related to a child, and/or
- Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school.

Section Two: Concerns that do not meet the harm threshold (Low Level)

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

²⁸ [Keeping Children Safe in Education 2023 \(publishing.service.gov.uk\)](#) - Part 4 Managing Allegations

²⁹ [Keeping Children Safe in Education 2023 \(publishing.service.gov.uk\)](#) - Part 4 Managing Allegations

Examples of such behaviour could include, but are not limited to:

- Being overly friendly with children
- Having favourites
- Taking photographs of children on their mobile phone
- Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- Using inappropriate sexualised, intimidating or offensive language

If a staff member is unable to raise a concern about the inappropriate behaviour of another staff member, or any other safeguarding concern, all staff are aware of the Trust Whistleblowing Procedures (Appendix 8).

APPENDIX 4 - GUIDELINES FOR AVOIDING ALLEGATIONS OF ABUSE: FOR ALL STAFF MEMBERS

Whilst they may in common law be regarded as acting in loco parentis, teachers and carers in school should remember that they are not able to take the place of parents in providing physical comfort. This is not to say that all physical contact is inappropriate, rather that the professional context demands circumspection and a sense of fitness for purpose.

Teachers of very young children of nursery and Key stage 1 age will naturally need to engage in more physical contact than teachers of older children. Comforting a distressed child who may just have started school will not be an unusual occurrence. Similarly, in the special school setting, some children may tend towards demanding physical attention. In such circumstances, the contact by the adult will be for re-assurance and may involve physical closeness (e.g., holding the child's hand or placing hands on the child's shoulders). Hugging and kissing would be inappropriate for other than the parent, even though the child may want to initiate it.

Administration of medicines and first aid requires careful codes of conduct and procedures. These should be laid down by local authority or health authority or in individual school guidelines and followed meticulously. As a rule of thumb, teachers should not administer medicines. If the child had an adverse reaction to a medicine given by a teacher, the teacher could be held liable and charged with negligence.

Administration of first aid should be undertaken by a qualified first aider. Where none is available, the minimum steps should be taken to ensure the child's safety and the emergency services should be called.

Teachers may sometimes be called upon to intervene physically if a child or children are in danger of injuring themselves or others - as in a fight in the school yard. It is important that in such circumstances the minimum possible reasonable force is used. Where possible another colleague should be called upon to assist, both to minimise the risk of injury to the teacher intervening and to act as witness that reasonable force and no more was used. After such an event a clear record of what took place should be made, including where possible statements from witnesses. The Headteacher should be informed.

One-to-one situations with pupil/students need to be carefully and consciously managed. Some teaching, as with peripatetic music staff, may often suggest one-to-one organisation. Where pupil/students can be paired for such lessons, it is preferable. Where this is not possible and in other situations of individual interviews with pupil/students, it is advisable to use a room with a window where others can see in or to leave the door open. If confidentiality makes this difficult, then another member of staff should be informed that the interview is taking place.

If a child becomes distressed, support and re-assurance should be offered through calming words rather than through physical contact. Teachers should not become involved with children's personal problems beyond listening and being sensitive to them in order to refer the child to the most appropriate source of help or counselling.

APPENDIX 5 - INDICATORS OF VULNERABILITY TO RADICALISATION

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as:

Vocal or active opposition to fundamental values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

3. Extremism is defined by the Crown Prosecution Service as:

The demonstration of unacceptable behaviour by using any means or medium to express views which:

- Encourage, justify or glorify terrorist violence in furtherance of particular beliefs.
 - Seek to provoke others to terrorist acts.
 - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
 - Foster hatred which might lead to inter-community violence in the UK.
4. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
 5. Students may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that school staff can recognise those vulnerabilities.
 6. Indicators of vulnerability include:
 - Identity Crisis – the student is distanced from their cultural/religious heritage and experiences discomfort about their place in society.
 - Personal Crisis – the student may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging.
 - Personal Circumstances – migration; local community tensions; and events affecting the student’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy.
 - Unmet Aspirations – the student may have perceptions of injustice; a feeling of failure; rejection of civic life.
 - Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement/reintegration; and
 - Special Educational Need – students may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.
 7. However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

8. More critical risk factors could include:

- Being in contact with extremist recruiters
- Accessing violent extremist websites, especially those with a social networking element
- Possessing or accessing violent extremist literature
- Using extremist narratives and a global ideology to explain personal disadvantage.
- Justifying the use of violence to solve societal issues; and
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and/or behaviour
- Experiencing a high level of social isolation resulting in issues of identity crisis and/or personal crisis

APPENDIX 6 - Guidance on child-on-child sexual violence and sexual harassment

KCSIE 2023 states that child on child sexual violence and sexual harassment forms part of the statutory guidance about how schools and colleges should respond to all reports and concerns of child-on-child sexual violence and sexual harassment, including those that have happened outside of the school or college premises, and or online.

Sexual violence and sexual harassment can occur between two children of any age and sex, from primary through to secondary stage and into colleges. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable. We take such incidents seriously and have strict measures in place to address this kind of behaviour and our staff are advised to maintain an attitude of 'it could happen here'.

Definitions of Sexual Violence and Sexual Harassment (taken from Keeping Children Safe in Education)

Sexual Violence

It is important that schools and colleges are aware of sexual violence and the fact children can, and sometimes do, abuse other children in this way and that it **can happen both inside and outside of College**. When referring to sexual violence in this advice, we do so in the context of child-on-child sexual violence.

When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003/134 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents. (NOTE - Schools and colleges should be aware that sexual assault covers a very wide range of behaviour so a single act of kissing someone without consent or touching someone's bottom/breasts/genitalia without consent, can still constitute sexual assault).

Causing someone to engage in sexual activity without consent: A person (A) commits an offence if: s/he intentionally causes another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. (NOTE – this could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party).

What is consent? Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g., to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

- a child under the age of 13 can never consent to any sexual activity

- the age of consent is 16
- sexual intercourse without consent is rape.

Further information about consent can be found here: [Rape Crisis England & Wales - Sexual consent](#)

Sexual Harassment

When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline and both inside and outside of College. When we reference sexual harassment, we do so in the context of child-on-child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names
- sexual “jokes” or taunting
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes. Schools and colleges should be considering when any of this crosses a line into sexual violence – it is important to talk to and consider the experience of the victim.
- displaying pictures, photos or drawings of a sexual nature
- upskirting (this is a criminal offence), and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:
 - consensual and non-consensual sharing of nude and semi-nude images and/or videos. Taking and sharing nude photographs of U18s is a criminal offence. UKCIS Sharing nudes and semi-nudes: advice for education settings working with children and young people provides detailed advice for schools and colleges
 - sharing of unwanted explicit content
 - sexualised online bullying or unwanted sexual comments and messages, including, on social media or sexual exploitation; coercion and threats, and
 - coercing others into sharing images of themselves or performing acts they’re not comfortable with online.

It is important that schools and colleges consider sexual harassment in broad terms. Sexual harassment (as set out above) creates a culture that, if not challenged, can normalise inappropriate behaviours and provide an environment that may lead to sexual violence.

Harmful Sexual Behaviour

Children’s sexual behaviour exists on a wide continuum, ranging from normal and developmentally expected to inappropriate, problematic, abusive and violent. Problematic, abusive and violent sexual behaviour is developmentally inappropriate and may cause developmental damage. A useful umbrella term is “harmful sexual behaviour” (HSB). The term has been widely adopted in child protection and is used in this advice. HSB can occur online and/or face-to-face and can also occur simultaneously between the two. HSB should be considered in a child protection context.

Whilst our College strictly follows statutory guidance and information from the government **Sexual Violence and Sexual Harassment Between Children in Schools and Colleges**, the following measures are in place to support children and staff if such incidents are reported and received in our College.

We have made a conscious effort to engage our whole staff team with the view to develop and reinforce the culture of respect. All staff receive training to deepen their knowledge and understanding so as to ensure they are aware of signs and signals to look out for. Through this staff are empowered to spot, support, report and record any problematic behaviours as they arise.

In the moment actions are as follows:

- Be aware and alert, especially in corridors and communal areas
- Intervene and report any concerns that you have
- Words have power, do not dismiss any sexualised language as “banter”, do not ignore it or be afraid to call it out
- Build positive and trusting relationships with our students
- Be open, honest and share opinions that make it clear that inappropriate sexualised behaviour and language are wrong and will not be tolerated
- Promote and educate students around healthy relationships and the behaviours that make these

Procedures below in dealing with such incidents:

- At Soar Valley College we use CPOMS to monitor and record any potential safeguarding incidents, all staff have access to this system and have the relevant training and support to accurately record any concerns that they may have.
- Incidences of peer on peer sexual abuse are managed in line with our school’s Safeguarding Child Protection Policy and the necessary sanctions and support are detailed in the Behaviour Policy.
- We have an established and embedded network of support at Soar Valley College, these include our Pastoral, Inclusion and SEND teams. When an incident of this nature is reported it will be investigated and appropriate action will be taken to support, safeguard and sanction (if appropriate). We will also ensure that young people are supported if they are the victim of peer on peer sexual abuse, this could be support from school staff or through signposting to external agencies.
- We will also endeavor to support the perpetrator of any such abuse to understand what has happened so that they can modify their behaviour and beliefs.
- We will work with the parents or carers of victims and perpetrators of peer on peer abuse to ensure holistic support for all parties.
- Our Pastoral Support allows pastoral leaders to structure conversations with parents and young people and enables a clear and coherent plan to be put into place, it also has inbuilt mechanisms to ensure that the plan remains focussed and isn’t hindered by drift. The process has opportunities for signposting at the heart of it and using the windscreen allows staff to assess where the young person and their family fit on the continuum and in turn makes it easy and efficient to identify the most appropriate agencies to ensure a holistic support package.
- Both victims and perpetrators are supported through referrals to the school counsellor, local Policing team or the school nurse.
- We also have our internal support systems where young people can be referred for bespoke pieces of work with our Inclusion Team. This could be through 1:1 mentoring or through small group-works designed to support young people to explore healthy relationships, self-esteem, mental health and wellbeing.
- As well as these interventions being recorded and evaluated through the PSP process they are also logged on our CPOMS system this enables us to see any trends or ongoing concerns with specific students and allows us to identify and other concerns such as risky areas within the school or any emerging risks to children.
- Risk assessments will be undertaken as and when deemed necessary.

Appendix 7 - Monitoring and Filtering, Online Safety & Cyber Crime – Additional Information

It is essential that children are safeguarded from potentially harmful and inappropriate online material. An effective whole school and college approach to online safety empowers a school or college to protect and educate pupil/students, students, and staff in their use of technology and establishes mechanisms to identify, intervene in, and escalate any concerns where appropriate. The breadth of issues classified within online safety is considerable and ever evolving, but can be categorised into four areas of risk:

Content: being exposed to illegal, inappropriate, or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism.

Contact: being subjected to harmful online interaction with other users; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.

Conduct: online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images (e.g., consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying, and

Commerce: risks such as online gambling, inappropriate advertising, phishing and or financial scams. If you feel your pupil/students, students or staff are at risk, please report it to the Anti-Phishing Working Group (<https://apwg.org/>).

Our College already has an Online Safety Policy in place which can be accessed in school and our approach to online safety and monitoring and filtering is reflected within our Child Protection and Safeguarding Policy.

In order to meet the duties set out in KCSIE 2023, Paragraph 141, we follow the Department for Education's³⁰ filtering and monitoring standards where we will;

- Identify and assign roles and responsibilities to manage filtering and monitoring systems.
- Review filtering and monitoring provision at least annually.
- Block harmful and inappropriate content without unreasonably impacting teaching and learning.
- Have effective monitoring strategies in place that meet our high safeguarding needs.

Our Governing will review the standards and discuss with IT staff, SLT, Lead DSL and service providers what more needs to be done (if anything) to support us to meet the standard set out by the DfE including in part, the risk assessment required by the Prevent Duty. <https://www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty>

Additional resources:

Safer Internet Centre: "appropriate" filtering and monitoring. [Appropriate Filtering and Monitoring - UK Safer Internet Centre](#) South West Grid for Learning ([Safety and Security Online | SWGfL](#)) tool to check relevant filtering lists (CSA content, Sexual Content, Terrorist content, Your Internet Connection Blocks Child Abuse & Terrorist Content).

³⁰ [Meeting digital and technology standards in schools and colleges - Filtering and monitoring standards for schools and colleges - Guidance - GOV.UK \(www.gov.uk\)](#)

Cybercrime

Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen off-line but are enabled at scale and at speed on-line) or 'cyber dependent' (crimes that can be committed only by using a computer). Cyber-dependent crimes include:

- Unauthorised access to computers (illegal 'hacking'), for example accessing a school's computer network to look for test paper answers or change grades awarded.
- 'Denial of Service' (Dos or DDoS) attacks or 'booting'. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources, and,
- Making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above.

Children with particular skills and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime. If there are concerns about a child in this area at our College, Our Lead DSL/DSL's will consider referring into the Cyber Choices programme. This is a nationwide police programme supported by the Home Office and led by the National Crime Agency, working with regional and local policing. It aims to intervene where young people are at risk of committing, or being drawn into, low-level cyber-dependent offences and divert them to a more positive use of their skills and interests.

Note Cyber Choices does not currently cover 'cyber-enabled' crime such as fraud, purchasing of illegal drugs on-line and child sexual abuse and exploitation, nor other areas of concern such as on-line bullying or general on-line safety. Where such cases arise in our College and a crime is possibly being committed, our school will follow our safeguarding procedures and contact the Police and relevant agencies where appropriate. Additional information can be found at: national Crime agency: [Cyber Choices - National Crime Agency](#) and [National Cyber Security Centre - NCSC.GOV.UK](#)

Remote Education³¹

Government Guidance - Safeguarding children and teachers online: Keeping children and teachers safe during remote education is essential. Our teachers when delivering remote education online are aware that the same principles set out in our College staff behaviour policy/code of conduct will apply. There are times where remote learning, virtual lessons, live streaming and recorded videos may be applied within our school and where children to are asked to complete tasks and assignments independently. Where this is the case, our establishment, in line with on Online Safety Policy and CP Safeguarding Policy will ensure our online education is safe for both teachers and children.

As a College when organising live lessons or recording lessons we will, as a minimum endeavour to:

- use neutral or plain backgrounds.
- ensure appropriate privacy settings are in place.
- ensure staff understand and know how to set up and apply controls relating to pupil/student and student interactions, including microphones and cameras.
- set up lessons with password protection and ensure passwords are kept securely and not shared.

³¹ [Safeguarding and remote education - GOV.UK \(www.gov.uk\)](#)

- ensure all staff, children, students, parents and carers have a clear understanding of expectations around behaviour and participation.

Important conversations with parents, carers and children

Our College pride ourselves in communicating regularly and supporting parents and carers with their child's education. In our communications with parents/carers, we will highlight the importance of their child's online safety in today's digital age. We will support parents/carers to teach their children about the potential risks of the internet and the importance of privacy; to set clear boundaries and guidelines for internet usage, regularly monitor their online activities and keeping any passwords and credentials safe. We will support parents/carers to encourage open communication, so they feel comfortable sharing any concerns. We will highlight to parents the importance of utilising parental controls and safety tools to protect their child from harmful content online. By being involved and informed, we will create a safer online environment for our children both in and out of College.

We understand it is especially important for parents and carers to be aware of what their children are being asked to do, including:

- sites they will be asked to use.
- school staff their child will interact with

ASPIRE ENJOY ACHIEVE

Whistle Blowing Policy

(Appendix 8)

This policy is effective for all schools within the
Aspire Learning Partnership

Why do we have a Whistleblowing Policy?

Employers are recommended to develop a clear and accessible Whistleblowing Policy under the Public Interest Disclosure Act 1998.

Such a policy is essential as, although all schools/colleges in the Aspire Learning Partnership pride themselves on acting with high standards of conduct and providing quality services to the community, sometimes there may be a lapse, or the suspicion of a lapse, in these standards. The simple fact is that an employee may suspect something is going wrong long before anyone else finds out about it; in the worst case, this may not be until an accident has happened or serious damage has been caused.

So if something at work is troubling you enough for you to mention it to your family or friends, please report it straight away. It is natural that you may feel unable to express your concerns out of a feeling of disloyalty, however, such feelings must never result in a potentially illegal or dangerous situation going unreported. This particularly applies where the welfare of children may be at risk: all staff have a duty to report any child protection concerns to their school's designated person for child protection - make sure you know their name. Remember, it is often the most vulnerable children or young people who are targeted; they need someone like you to safeguard their welfare.

Don't think "what if I'm wrong?", think "what if I'm right?"

What is a Whistleblowing Policy?

'Whistleblowing' has been described as "providing a safe alternative to silence" (Public Concern at Work). It is the mechanism for you to voice your concerns without fear of repercussion, even if the concern later proves to be unfounded. When you raise a concern via this route, this is known as making a 'disclosure'.

The Whistleblowing Policy explains how to raise a concern and outlines the protection and support available to you. The existence of this policy does not in any way lessen your school's commitment to promoting a general climate of openness and co-operation where there is opportunity for discussion about difficulties, concerns and problems with management. Rather it is there for occasions when you feel unable to raise a concern through this route, or when this would not be appropriate.

The policy covers and protects employees, agency workers, trainees and contractors' staff. Please take a few minutes to read it: if you have any questions please speak to your Manager/Principal or HR Advisor.

The existence of this policy should be highlighted on a poster in every school staffroom (an example is provided at [Appendix 2](#)). An electronic version of this policy is available on the Trust's website and on school internal systems.

Whistleblowing generally involves a concern about a danger or illegality that affects others, such as members of the public or your employer. Although on occasion there may be some overlap between a whistleblowing concern and a grievance, for example, a health and safety matter where the risk affects you and others, concerns about a situation affecting you personally should generally be raised via the Grievance Procedure.

What kind of disclosures are covered?

Although this is not an exhaustive list, whistle-blowing disclosures tend to involve one or more of the following:

- Deficiencies in the care, or abuse, of children or young people
- A criminal act that has been, is being, or is likely to be committed, including damage to the environment, unauthorised use of public funds and possible fraud and/or corruption
- Someone has failed, is failing, or is likely to fail, to comply with legal obligations
- Health and safety risks, including risks to the public, children/young people and other employees
- Inappropriate or improper conduct
- Serious failure to comply with appropriate professional standards
- Breach of local procedures or statutory codes of practice
- Other unethical conduct.

Reasons for whistleblowing

- We all have an individual responsibility for raising concerns about unacceptable practice or behaviour
- We could prevent the problem worsening or widening
- We may be able to protect or reduce risks to others
- To prevent becoming implicated yourself.

What stops people from whistleblowing?

- Starting a chain of events which spirals
- Disrupting the work or project
- Fear of getting it wrong
- Fear of repercussions or damaging careers
- Fear of not being believed.

How to raise a concern

- You are recommended to approach your Trade Union/Professional Association for advice and support, which may include inviting them to raise the concern on your behalf.
- Approach your principal/headteacher, or your school's designated person for child protection (if the concern is child protection related). If you would feel more comfortable you can ask to meet with them away from the school premises. They will consider whether the issue can be resolved informally.
- You should be making the disclosure in good faith. The Public Interest Disclosure Act 1998 defines 'good faith' in the context of whistleblowing as "the reasonable belief that the allegation is substantially true and that it is not made for personal gain".
- Voice your concerns, suspicions or uneasiness as soon as you can; the earlier a concern is expressed the easier and sooner action can be taken. Try to pinpoint exactly what practice is concerning you and why.

- Ideally put your concerns in writing (using the form provided at [Appendix 1](#)), outlining the background and history, giving names, dates and places where you can.
- If your concern is about your headteacher/principal, or you feel you need to formally raise it with someone outside the school, contact the Chair of the local governing body through the clerk to governors or the CEO of the Trust.
- If you feel you need to take your concern to a regulatory body (for example, Ofsted), or to a relevant external organisation/individual, please see the contact details at [Appendix 3](#). The conditions for making a disclosure to a Regulatory Body/External Organisation are:
 - You reasonably believe you would suffer detriment if you made the disclosure to your headteacher/principal, the governing body, or to the CEO, or
 - You reasonably believe the evidence is likely to be concealed or destroyed; or
 - You have already made the disclosure to your headteacher/principal or the governors/CEO and you are dissatisfied with the response.
- You are not expected to prove the truth of an allegation but will need to demonstrate sufficient grounds for the concern.
- You may invite your Trade Union/Professional Association representative or a work colleague to be present during any meetings/interviews in connection with the concerns you have raised. Should your Trade Union/Professional Association representative raise the concern on your behalf, they will be automatically afforded the same protection from detriment.
- As far as is within your control, make sure you get a satisfactory response - don't let matters rest.
- Any investigation into allegations of potential malpractice will not influence or be influenced by any disciplinary or redundancy procedures that already affect you.
- **Be aware that malicious or vexatious allegations may be considered as a disciplinary offence.** The Concise Oxford Dictionary (Tenth Edition) defines 'malicious' as "characterised by malice; intending to do harm" and 'vexatious' as "Law (of an action) brought without sufficient grounds for winning, purely to cause annoyance to the defendant". Such allegations can cause serious difficulties for innocent individuals. The Public Interest Disclosure Act 1998 does not exclude the possibility of workers being sued by individuals for defamation in connection with any disclosures they make.

What happens next?

- Preliminary inquiries may be made to help decide how best to respond in the public interest. Depending on the nature of the issue raised, the response may be one or more of the following:
 - management investigation
 - internal audit investigation
 - disciplinary investigation
 - referral for consideration under another Trust procedure
 - referral to the police
 - an independent investigation
 - amend procedures
 - no action due to lack of sufficient evidence.

- You should be given information on how the matter is likely to be dealt with within 10 working days of making the disclosure (so far as legally possible and subject to rights of confidentiality).
- You will be informed of the outcome of the investigation and any action that has been taken to resolve the matter (so far as legally possible and subject to rights of confidentiality).
- If you are dissatisfied with the response, you may take the matter further with the persons/organisations identified at [Appendix 3](#).

How are you protected?

- Your employer has a responsibility to protect you from any detriment as a result of making a disclosure in good faith, particularly from disciplinary action, dismissal, harassment or victimisation. Fulfilling that responsibility includes treating the disclosure confidentially, one aspect of which may involve protecting your identity. Any victimisation or harassment, either in an attempt to deter an individual from making a disclosure, or following a disclosure, will be considered gross misconduct and may lead to dismissal.
- No disciplinary action will be taken against you if the concern proves to be unfounded and was raised in good faith.
- If you want your identity to remain confidential, this will be observed as far as possible. Should it not be possible to resolve a concern without revealing your identity (for example, because your evidence is needed in court or in a subsequent internal disciplinary hearing), a discussion will be held with you about whether the matter should be taken forward and, if so, how this will be done and how to best protect your interests.
- Anonymous disclosures will be considered to the extent that it is reasonable and practicable to do so, although the need to confirm or follow up evidence may make this difficult.
- The decision to whistleblow can be difficult and stressful. Advice and support is available from your line manager/headteacher/principal and/or your Trade Union/Professional Association.
- It is your right to remain in your current post. The Trust will work with school management to make every possible effort to ensure that this takes place. If you feel unable to remain in your role during the investigation, every effort will be made to transfer you to an appropriate alternative.

How will this policy be reviewed?

This policy will be reviewed for fitness for purpose after each whistleblowing case. Any review will take place with the involvement of the appropriate Trade Unions and Professional Associations.

Where can I go for further advice?

Your Trade Union/Professional Association can offer advice and support. In addition, the independent charity Public Concern at Work (PCaW) provides advice to individuals on whistleblowing in the public interest on a strictly confidential basis (www.pcaw.co.uk / 020 7404 6609).

"Absolutely without fail challenge poor practice or performance. If you ignore or collude with poor practice it makes it harder to sound the alarm when things go wrong"

APPENDIX 1 - WHISTLE BLOWING POLICY - REPORTING FORM

Referral Form to be completed by Individual identifying a concern under the Public Interest Disclosure Act 1998

DETAILS OF PERSON RAISING CONCERNS AND ISSUE RAISED

Nature of Concern

ASPIRE ENJOY ACHIEVE

Low Level Concerns Policy

(Appendix 9)

This policy is effective for all schools within the
Aspire Learning Partnership

Statement of Intent

We understand the importance of acknowledging, recording and reporting **all** safeguarding concerns, regardless of their perceived severity and that, while a concern may be low-level, that concern can escalate over time to become much more serious.

Our school prides itself on creating a safe environment for pupils, and our staff are expected to adhere to high standards of behaviour when it comes to professional conduct regarding pupils. The school has clear professional boundaries which all staff are made aware of and will adhere to. We are committed to ensuring that any safeguarding concerns are dealt with as soon as they arise and before they have had a chance to become more severe, to minimise the risk of harm posed to our pupils and other children.

It may be possible that a member of staff acts in a way that does not cause risk to children but is however inappropriate. A member of staff who has a concern about another member of staff should inform the Headteacher/Principal about their concern using a Low-Level Record of Concern Form. If the Headteacher cannot be contacted, the Chair of Governors should be contacted instead

1. Legal Framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- UK General Data Protection Regulation (UK GDPR)
- Data Protection Act 2018
- DfE (2023) 'Keeping children safe in education 2023'
- DfE (2018) 'Working Together to Safeguard Children'

The following is taken from Keeping Children Safe in Education September 2023

423. As part of their whole school or college approach to safeguarding, schools and colleges should ensure that they promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school or college (including supply teachers, volunteers and contractors) are dealt with promptly and appropriately.

424. Creating a culture in which all concerns about adults are shared responsibly and with the right person, recorded and dealt with appropriately, is critical. If implemented correctly, this should:

- encourage an open and transparent culture
- enable schools and colleges to identify inappropriate, problematic or concerning behaviour early
- minimise the risk of abuse, and
- ensure that adults working in or on behalf of the school or college are clear about professional boundaries and act within these boundaries, and in accordance with the ethos and values of the institution.

This policy operates in conjunction with the following school policies:

- Safeguarding and Child Protection Policy
- Staff Code of Conduct
- Whistleblowing Policy
- Online Safety and Acceptable Use Policy
- Data Protection Policy
- Disciplinary Policy and Procedure

2. Definitions

For the purposes of this policy, a **low-level concern** is defined as any concern had about an adult's behaviour towards, or concerning, a child that does not meet the harms threshold (see below), or is otherwise not serious enough to consider a referral at the time of its reporting. Low-level concerns refer to behaviour on the part of a staff member towards students that is considered inappropriate in line with statutory safeguarding advice, the Staff Code of Conduct and the 'Appropriate and inappropriate behaviours' section of this policy.

Low-level concerns are differentiated from concerns that can cause **harm**. The harms threshold is the point at which a concern is no longer low-level and constitutes a threat of harm to a child. This threshold is defined as accusations that an adult has:

- Behaved in a way that has harmed a child or may have harmed a child.
- Possibly committed a criminal offence against, or related to, a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved in a way that indicates they may not be suitable to work with children, including behaviour that has happened outside of school.

While low-level concerns are, by their nature, less serious than concerns which meet the harms threshold, the school understands that many serious safeguarding concerns, e.g. child sexual abuse, often begin with low-level concerns, e.g. being overly friendly with children. The school will ensure that all staff are aware of the importance of recognising concerns before they escalate from low-level to serious, wherever possible.

3. Roles and Responsibilities

The Governing Board is responsible for:

- Ensuring that the school complies with its duties under child protection and safeguarding legislation.
- Ensuring that policies, procedures and training opportunities with regard to reporting safeguarding concerns are compliant and effective.
- Guaranteeing that there is an effective Staff Code of Conduct that outlines behavioural expectations.
- Ensuring that a suitably trained DSL has been appointed, alongside deputy DSLs where appropriate.
- Ensuring that there are robust reporting arrangements, including inter-agency collaboration.
- Ensuring that there are appropriate procedures in place to handle allegations and low-level concerns reported against members of staff.

The Headteacher/Principal is responsible for:

- Being a point of contact for all staff when they have safeguarding concerns, whether serious or low-level.
- Assessing whether safeguarding concerns about staff members meet the threshold for being termed an allegation, or whether they are low-level concerns.
- Implementing this policy, and all related policies, throughout the school, and ensuring that staff adhere to it at all times.
- Safeguarding pupils' wellbeing and maintaining public trust in the teaching profession.
- Ensuring that all staff have undertaken safeguarding training.
- Ensuring that all staff have an ongoing awareness of low-level concerns and reporting procedures.

The DSL is responsible for:

- Being a point of contact for all staff when they have safeguarding concerns, whether serious or low-level.
- Assessing whether safeguarding concerns about staff members meet the threshold for being termed an allegation, or whether they are low-level concerns.
- Following all procedures outlined in this policy for acting upon low-level concerns.
- Liaising with the Headteacher/Principal, staff members, the governing board and all relevant agencies to act upon concerns, where necessary.
- Keeping detailed, accurate and secure records of all low-level concerns and any actions taken.

Staff are responsible for:

- Adhering to all the relevant policies and procedures, including acting within the Staff Code of Conduct at all times.
- Interacting with students in a way that is respectful and appropriate for their level of authority and has due regard to the power imbalance between students and staff members.
- Understanding the importance of reporting low-level safeguarding concerns.
- Reporting any and all safeguarding concerns they may have about pupils immediately.
- Reporting any and all safeguarding concerns they may have about the behaviour of a member of staff immediately.

4. Prevention Amongst Staff

Appropriate and inappropriate behaviour

The school will ensure that all staff members are aware of the standards of appropriate behaviour expected towards students.

Staff will ensure that they pay due regard to the fact that:

- They are in a unique position of trust, care, responsibility, authority and influence in relation to students.
- There is a significant power imbalance in the student-staff dynamic.
- There are more stringent expectations on their behaviour with regard to students due to their position as a public professional.

Staff will remain aware of the fact that all students under the age of 18, regardless of the phase and year group they are at within the school, are children by law – resultantly, staff will ensure that they do not assume maturity on behalf of a student and do not engage with students as they would with their own peers. Staff will be aware that where there is any doubt regarding whether the behaviour of another adult is appropriate, this should be reported to the Headteacher/Principal immediately.

Inappropriate behaviour can exist on a wide spectrum, from inadvertent or thoughtless behaviour to behaviour which is ultimately intended to enable abuse. Examples of inappropriate behaviour that would constitute a low-level concern that should be reported to the Headteacher/Principal include:

- **Being overly friendly with children** – this could include, but is not limited to, communicating with a child through personal social media or allowing inappropriate conversations or enquiries to occur with students, e.g. conversations that are about a staff member's personal life or are of a sexual nature.
- **Having favourites** – this could include, but is not limited to, calling students by pet names or terms of endearment or buying students gifts.
- **Taking photographs of children on their personal mobile phones or devices.**

- **Engaging with a child on a one-to-one basis in a secluded area or behind a closed door.**
- **Using inappropriate, sexualised, intimidating or offensive language.**

Staff will be aware that some of the above low-level concerns may meet the harms threshold depending on certain factors, e.g. the age or needs of the child or the content of exchanged messages, and that some of the above incidents may not be concerns in context, e.g. a pre-approved, one-to-one meeting with a child behind a closed door between the child and a school counsellor who has received all appropriate safety checks.

Staff will also be made aware that behaviour which raises concerns may not be intentionally inappropriate, and that this does not negate the need to report the behaviour. Staff members who engage in low-level inappropriate behaviour in relation to pupils inadvertently will be made aware and supported to correct this behaviour in line with the Staff Code of Conduct. The Headteacher will also evaluate whether additional training would be beneficial for any staff members exhibiting concerning behaviour, or the staff cohort as a whole where low-level concerning behaviour is seen more widely.

School culture

The school understands that spotting the early signs of harmful behaviour towards children can be difficult, and that many will be hesitant to report concerns they have about their colleagues' behaviour, particularly the behaviour of their superiors. Staff are encouraged to maintain an attitude that recognises that abuse can happen anywhere, in any setting, and that anyone can be a perpetrator regardless of their age, sex, level of authority, personality, etc.

The school will ensure that all staff members have received training as part of their induction that outlines appropriate behaviour towards students for staff members. All staff will read, understand and adhere to the Appropriate and inappropriate behaviour subsection of this policy, as well as the Staff Code of Conduct.

Staff will address any questions they have regarding safeguarding to the DSL or Deputy DSL. The school will work to foster an environment where personal and professional boundaries are clearly set and respected for all individuals in the school community, e.g. students are not treated as friends and an appropriate professional distance is maintained by staff.

The school will ensure that all staff are sufficiently trained surrounding the reporting of safeguarding concerns as part of their induction, and that refresher training is conducted as necessary. The school will ensure that all staff understand how to recognise and report safeguarding concerns. Staff will be trained to identify concerning or problematic behaviour towards pupils that may indicate a safeguarding concern, and how to identify signs of abuse or harm in students.

Evaluating school culture following concerns

The school will ensure that appropriate consideration is given to the school's culture and whether or not it has enabled the inappropriate behaviour to occur. The Headteacher/Principal will review whether any changes need to be made to relevant policies or training programmes in light of any evaluations of the school's culture, in order to achieve an open and transparent culture that deals with all concerns promptly and appropriately.

5. Reporting Concerns

The school will promote a culture in which safeguarding students is the uppermost priority, beyond any perceived professional loyalties to colleagues, ensuring that staff are actively encouraged to report concerns, regardless of their relationship with the staff member.

Staff will report all safeguarding concerns they have to the Headteacher/Principal immediately in line with the procedures laid out in the Safeguarding and Child Protection Policy. Staff members will report concerns without undue delay. Staff members will be aware that concerns are still worth reporting even if they do not seem serious.

Staff members will report their concerns to the Headteacher/Principal and appropriate Deputy verbally, or by email. When submitting concerns, staff will take care to ensure that they observe the Confidentiality Policy and the Allegations of Abuse Against Staff Policy, and protect the identity of all individuals to which the concern pertains as far as possible.

Staff members may request anonymity when reporting a concern, and the school will endeavour to respect this as far as possible. The school will not, however, promise anonymity to staff members who report concerns in case the situation arises where they must be named, e.g. where it is necessary for a fair disciplinary hearing. In line with the Whistleblowing Policy, staff will be protected from potential repercussions caused by reporting a genuine concern.

Where a low-level concern relates to the Headteacher/Principal, it should be reported to the Chair of Governors.

Where a low-level concern relates to a person employed by a supply agency or a contractor to work in the school, staff will also be required to report this to the Headteacher/Principal, who will, in turn, inform the employer of the subject of the concern.

All concerns reported will be documented in line with Keeping Children Safe in Education.

6. Self-Reporting

On occasion, a member of staff may feel as though they have acted in a way that:

- Could be misinterpreted.
- Could appear compromising to others.
- They realise, upon reflection, falls below the standards set out in the Staff Code of Conduct.

The school will ensure that an environment is maintained that encourages staff members to self-report if they feel as though they have acted inappropriately or in a way that could be construed as inappropriate upon reflection. The Headteacher/Principal and DSL will, to the best of their abilities, maintain a culture of approachability for staff members, and will be understanding and sensitive towards those who self-report.

Staff members who self-report will not be treated more favourably during any resulting investigations than staff members who were reported by someone else; however, their self-awareness and intentions will be taken into consideration.

7. Evaluating Concerns

Where the Headteacher/Principal is notified of a safeguarding concern, they will use their professional judgement to determine if the concern is low-level or if it must be immediately escalated, e.g. where a child is at immediate risk of harm. When deciding if a concern is low-level, the Headteacher/Principal will discuss the concern with the DSL and will seek advice from the Local Area Designated Officer (LADO) where there is any doubt about how seriously to take the concern. When seeking external advice, the Headteacher/Principal will ensure they adhere to the Data Protection Policy, and the information sharing principles outlined in the Child Protection and Safeguarding Policy, at all times.

To evaluate a concern, the Headteacher/Principal and DSL will:

- Speak to the individual who raised the concern to determine the facts and obtain any relevant additional information.
- Review the information and determine whether the behaviour displayed by the individual about whom the concern was reported is consistent with the Staff Code of Conduct and the law.
- Determine whether the concern, when considered alongside any other low-level concerns previously made about the same individual, should be reclassified as an allegation and dealt with alongside the Allegations of Abuse Against Staff Policy.
- Consult with, and seek advice from the LADO
- Speak to the individual about whom the concern has been raised to inform them of the concern and to give them an opportunity to respond to it.
- Ensure that accurate and detailed records are kept of all internal and external conversations regarding evaluating the concern, and any actions or decisions taken.

8. Acting on Concerns

Where the concern is unfounded

If it is discovered upon evaluation that the low-level concern refers to behaviour that was not considered to be in breach of the Staff Code of Conduct, the Headteacher/Principal will speak to the individual about whom the concern was made to discuss their behaviour, why and how the behaviour may have been misconstrued, and what they can do to avoid such misunderstandings in the future. The Headteacher will also speak to the individual who shared the concern, outlining why the behaviour reported is consistent with school standards and the law. The Headteacher/Principal will take care to ensure that conversations with individuals who reported concerns that transpired to be unfounded do not deter that individual from reporting concerns in the future.

The Headteacher/Principal will discuss the concern with the DSL to discern whether the behaviour, and the reporting of this behaviour, is indicative of ambiguity in the school's policies or procedures, or the training it offers to staff. Where such ambiguity is found, the DSL and Headteacher/Principal will work together to resolve this with input from other staff members, as necessary.

Where the concern is low-level

Where the Headteacher/Principal determines that a concern is low-level, the school will respond to this in a sensitive and proportionate manner. The following procedure will be followed:

- The Headteacher/Principal holds a meeting with the individual about whom the concern was reported, during which they will:

- Talk to the individual in a non-accusatory and sympathetic manner.
 - Inform them of how their behaviour was perceived by the individual who reported the concern (without naming them, where possible).
 - Clearly state what about their behaviour was inappropriate and problematic.
 - Discuss the reasons for the behaviour with the individual.
 - Inform the individual clearly what about their behaviour needs to change.
 - Discuss any support that the individual may require in order to achieve the proper standards of behaviour.
 - Allow the individual the opportunity to respond to the concern in their own words.
- The Headteacher/Principal will ask the individual to re-read the Staff Code of Conduct.
 - The DSL and the Headteacher/Principal will consider whether the individual should receive guidance, supervision or any further training.
 - Where considered appropriate in the circumstances, the Headteacher/Principal will develop an action plan, with input from the individual, that outlines ongoing and transparent monitoring of the individual's behaviour and any other support measures implemented to ensure the staff member's behaviour improves.
 - Where it is necessary to undergo an investigation into the behaviour, this will be done discreetly, and information will only be disclosed to individuals on a need-to-know basis.
 - Where any student or other individual has been made to feel uncomfortable by the individual's behaviour, they will be offered pastoral support, where appropriate.

The Headteacher/Principal will ensure that all details of the low-level concern, including any resultant actions taken, are recorded, and securely stored in line with the Data Protection Policy. The Headteacher/Principal will ensure that these records are kept organised and up-to-date, and that it is easy to refer to them if any other concerns are reported about the same individual.

The specific approach to handling low-level concerns will be adapted on a case-by-case basis. It is unlikely that a low-level concern will result in disciplinary procedures; however, individuals may be given warnings in line with the Disciplinary Policy and Procedure where behaviour does not improve once it is brought to their attention. Where behaviour does not improve over a longer period, the concerns will be escalated and dealt with in line with the Guidance on Managing Allegations (Appendix 3) and the guidance and procedures as outlined in Keeping Children Safe in Education 2023 (Part 2 and Part 4).

Where the concern is serious

The Headteacher/Principal may decide upon evaluation that a concern is more serious than the reporter originally thought, e.g. when viewed in conjunction with other evidence or other concerns made about the same individual. Where this decision is made, the concern will be escalated, and dealt with as an allegation. The Headteacher/Principal will then follow the procedures laid out in Guidance on Managing Allegations (Appendix 3) and the guidance and procedures as outlined in Keeping Children Safe in Education 2023 (Part 2 and Part 4).

9. Record keeping

The school will retain all records of low-level concerns, including those that were found to be unfounded. The Headteacher/Principal will ensure that all records include the most accurate and up-to-date information and will store them securely in a locked cabinet, in a locked office; there will also be a digital copy retained that will be password protected; all files will only be accessible for the

Headteacher/Principal and DSL. All low-level concerns will be stored together, in an organised and consistent manner, to ensure they can be easily reviewed and analysed where necessary.

Records will include:

- A clear and comprehensive summary of the concern.
- Details of how the concern was followed up and resolved.
- A note of any action taken, decisions reached, and the outcome.
- The name of the individual sharing concerns – if the individual wishes to remain anonymous, this will be respected as far as reasonably possible.

The Headteacher/Principal will periodically review the recent low-level concerns made to ensure that they are being appropriately dealt with and to check for any concerning behaviour patterns amongst the staff cohort as a whole. Records will be kept of these reviews.

Where any concerning patterns of behaviour have been identified with regard to a member of staff, the Headteacher/Principal to decide on a course of action. Where a pattern of behaviour has become so concerning that it meets the harms threshold, this will be referred to the LADO as soon as practicable.

Records of low-level concerns will not be kept in the personnel file of the individuals to whom the concerns pertain, unless there have been multiple low-level concerns made about the same individual. Where a concern is thought to be serious and is processed as an allegation, records of this will be kept in staff personnel files. Where multiple low-level concerns have been made about the same individual, these will be kept together, and in chronological order.

Where an allegation is made about an individual who has previously been subject to such allegations, or where a low-level concern is reclassified as a serious concern after meeting the harms threshold, all records of low-level concerns about that individual will be moved to the staff personnel file and kept alongside records of the allegation.

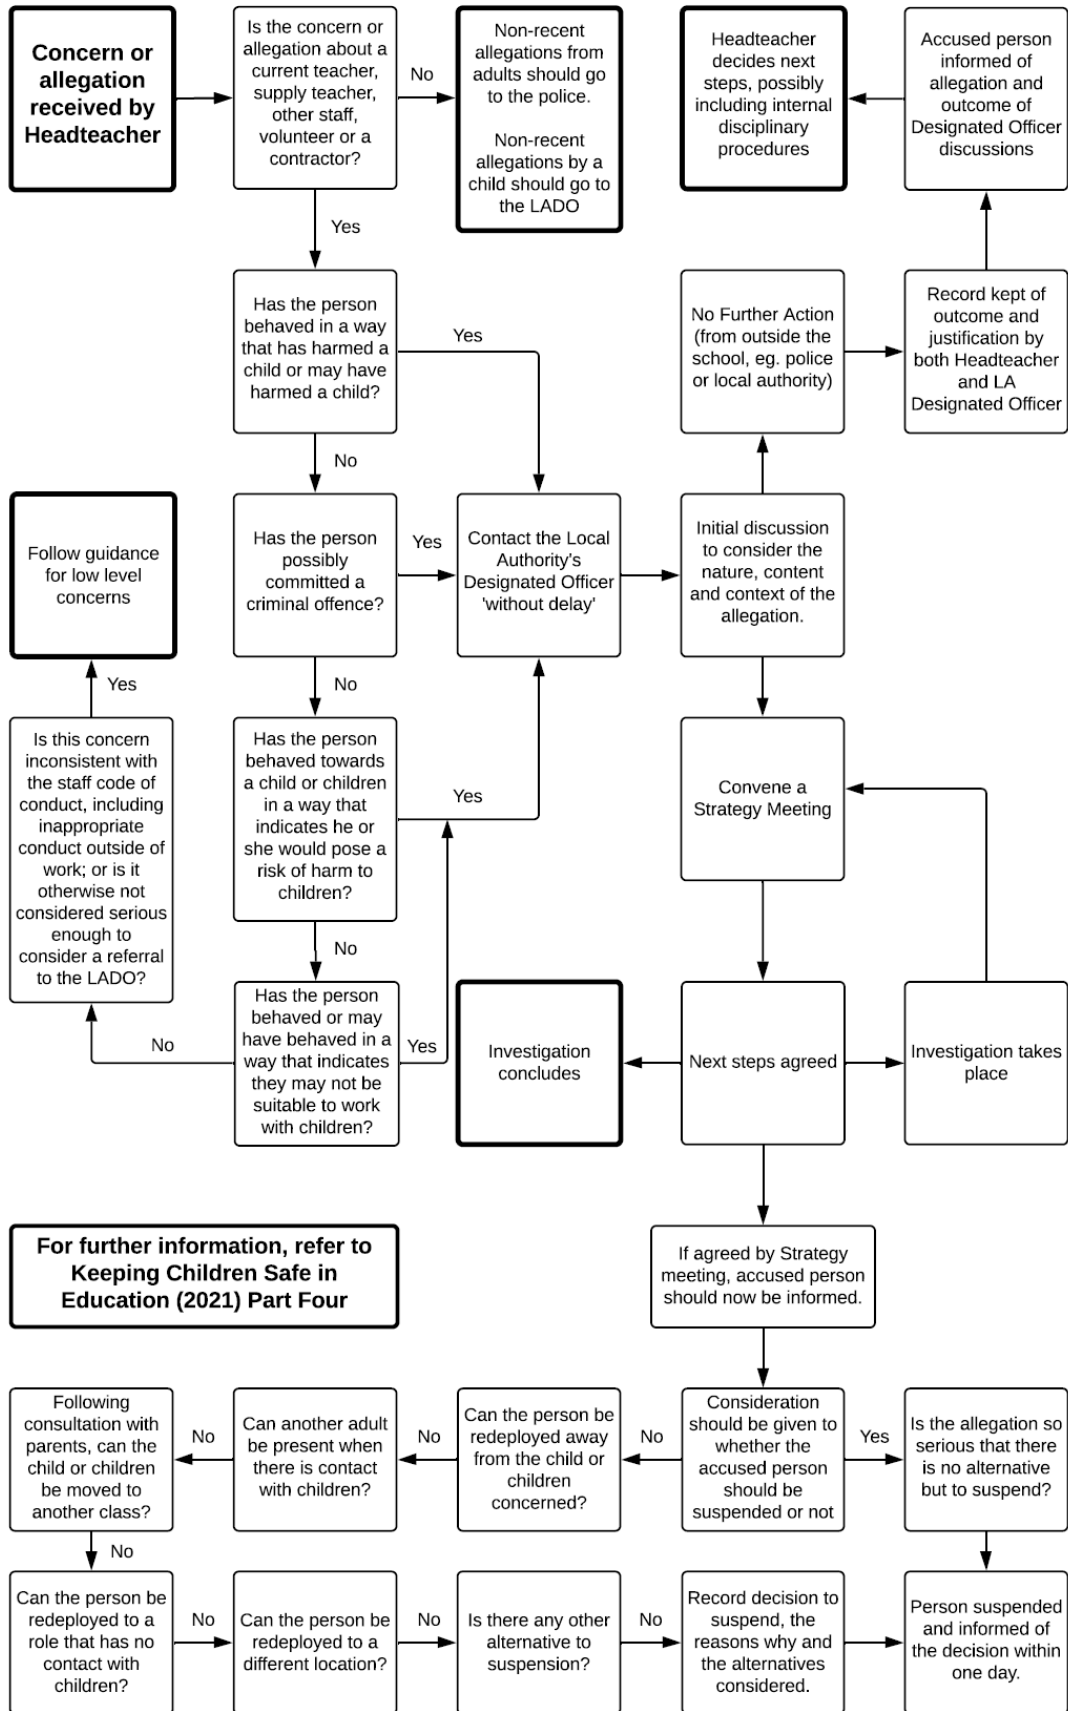

The Headteacher/Principal will ensure that all records are kept in a manner that is consistent with the Data Protection Policy. Records will be kept confidential and securely destroyed **after the staff member to whom the concerns pertain has left the school.**

The school will only refer to concerns about a staff member in employment references where they have amounted to a substantiated safeguarding allegation, i.e. it has met the harms threshold and has been found to have basis through investigation, or where it is not exclusively a safeguarding issue and forms part of an issue that would normally be included in a reference, e.g. misconduct or poor performance. Low-level safeguarding concerns will not be included in a reference, unless they have comprised a pattern of behaviour that has met the harms threshold.

10. Monitoring and Review

This policy will be reviewed annually by the Headteacher/Principal and DSL, and in response to any new safeguarding requirements or concerns surrounding the wider cultural issues in the school. the next scheduled review date for this policy is **September 30th 2024**

Allegations made against/Concerns raised in relation to teachers, including supply teachers, other staff, volunteers

Appendices - Process to follow when reporting a Low-Level Concern
